## **Christianity And The Religions From Confrontation To Dialogue:**

Christianity and the Religions Jacques Dupuis,2002 In this incisive and important volume Jacques Dupuis offers new insights on the most important issue facing Christian theology today giving an account of Christian faith as Christians go more deeply along the road of dialogue and collaboration with the followers of other religious traditions His task is to square a dogmatic circle How does one do justice to the Gospel claim that Jesus the Christ is the final and universal savior of all humankind in every age while also doing justice to the experience that truth grace holiness and power are experienced in other religious traditions In the first six chapters Dupuis reviews the history of the Western Christian tradition s teaching on other religious Ways through the breakthrough at Vatican Council II In chapters 7 and 8 he reviews the critical issues of uniqueness of Christ and Christian proposals to account for the mediation of salvation in other religious Ways He discusses also the relationship between the Reign of God the Church and the Religions In chapter 9 he explores the nature and role of dialogue in a pluralistic society In chapter 10 offers sage reflections on interreligious prayer

**A Jewish Appraisal of Dialogue** G. David Schwartz,1994 This book is a collection of essays which investigate the current status of dialogue between Jews and Christians The author argues that Jews have been reluctant to engage in any but the most cursitory conversations with Christians but that there are positive reasonings for going further A Jewish Appraisal of Dialogu argues that a certain attitude is necessary for coherant relations Contents Preface Acknowledgments On the Reluctance of Jews to Discuss Religious Truths Why Jews Ought to Engage in Dialogue Expositions From the Lord s Table Typology and Midrash Jewish Christian Relations and the Thought of Samuel Sandmel Confrontation or Conversation Models for Jewish Christian Dialogue Jews and Catholics Discussing Bible and Jesus Two Popular Jewish Interpretations of Jesus is There a Jewish Reclamation of Jesus Rosenzweigian Mediations on Paganism Anti Judaism the Holocaust and Rejudaization of the Church Noahide Laws Christian Covenants and Jewish Expectations A Note on the Friends of Israel and the Jews Scratch a Goy

**Christian Engagement with Islam** Douglas Pratt,2017-04-24 Why did the Christian Church in the twentieth century engage in dialogue with Islam What has been the ecumenical experience What is happening now Such questions underlie Douglas Pratt s Christian Engagement with Islam Ecumenical Journeys since 1910 Pratt charts recent Christian WCC and Vatican engagement with Islam up to the early 21st century and examines the ecumenical initiatives of Africa s PROCMURA Building Bridges and the German Christian Muslim Theological Forum together with responses to the 2007 Common Word letter Between them Islam and Christianity represent over half the earth s population Their history of interaction positive and negative impacts widely still today Contentious issues remain real enough yet the story and ongoing reality of contemporary Christian Muslim engagement is both exciting and encouraging

**Mission for Diversity** Elochukwu E. Uzuoku,2015 In this multi cultural and multi religious world do Christian mission studies have any place in the academic realm What theological possibilities and practical insights did Vatican II create for

missiology In this book experts from Africa Asia the Caribbean Europe the Middle East and North America respond to these questions They explore mission as intercultural studies and they adopt decolonial thinking to privilege knowledges from the margins of our wounded world Themes such as interculturality interreligious dialogue and inculturation justice peace building and reconciliation expand Vatican II to celebrate mission among and with the nations Series Interreligious Studies Vol 8 Subject Religious Studies Christianity **Absolute Revelation and Universal Religion** Joseph Pandiappallil,2006 The mutual enrichment and tolerance between Christianity and Hinduism should be an important theme in any discussion of interreligious co existence because of the influence of both religions in the present day world But is there a meeting point between Christian absolutism and Hindu universalism Can pluralism be a solution If the claim of one religion does not contradict the claim of the other why should a mutual recognition tolerance and co existence be impossible Why cannot the followers of different religions live together as brothers and sisters of one single loving Father These and many other similar questions are dealt with in this book **The Problem with Interreligious Dialogue** Muthuraj Swamy,2016-03-24 Muthuraj Swamy provides a fresh perspective on the world religions paradigm and interreligious dialogue By challenging the assumption that world religions operate as essential entities separate from the lived experiences of practitioners he shows that interreligious dialogue is in turn problematic as it is built on this very paradigm and on the myth of religious conflict Offering a critique of the idea of dialogue as it has been advanced by its proponents such as religious leaders and theologians whose aims are to promote inter religious conversation and understanding the author argues that this approach is elitist and that in reality people do not make sharp distinctions between religions nor do they separate political economic social and cultural beliefs and practices from their religious traditions Case studies from villages in southern India explore how Hindu Muslim and Christian communities interact in numerous ways that break the neat categories often used to describe each religion Swamy argues that those who promote dialogue are ostensibly attempting to overcome the separate identities of religious practitioners through understanding but in fact they re enforce them by encouraging a false sense of separation **The Problem with Interreligious Dialogue Plurality Conflict and Elitism in Hindu Christian Muslim Relations** provides an innovative approach to a central issue confronting Religious Studies combining both theory and ethnography [The Encounter Between Christian and Traditional African Spiritualities in Malawi](#) Francis G. Masuku,2007 After examining Lomwe traditional spirituality within the broader context of African spirituality this work explores the roots of the present cultural religious encounter by analyzing the way in which missionaries introduced Christianity in Malawi and attempts to understand the kind of spirituality the Lomwe Catholic Christians in Malawi are now living **Christianity in Assam and Inter-faith Dialogue** Mathew Muttumana,1984 *Christianity, Islam, and the West* Robert A. Burns,2011-12-01 This book has its origins in a comparative religions course Burns has taught at the University of Arizona for the past thirty years Those who have enrolled in the class have come from diverse religious and cultural backgrounds Whatever the mix a shared

curiosity about Christianity Judaism and Islam has always been present Since the 9 11 attacks on the World Trade Center and the Pentagon students as well as the general public are especially interested in Islam Like many Americans they have little or no knowledge of the Islamic religion This work touches upon the origins and central teachings of the Islamic religion and discusses the commonalities and differences between Islam and Christianity Throughout the book Burns poses and answers the kinds of questions most frequently asked by his students This approach will be helpful to students in comparative religions courses as well as other individuals interested in the connections between Christianity and Islam The purpose of this book is to help alleviate the misinformation surrounding Islam and Christianity and to inspire a dialogue between the two religions Such communication will the author hopes help promote justice and peace throughout the world

**Religious and Theological Abstracts** ,2005     **Religion and Society** ,2003     **From Clash to Dialogue of Religions** Casimir Chinedu O. Nzeh,2002 September 11 2001 is now etched into the collective world consciousness as a water shed in the modern history of relationship between the world civilizations These civilizations are essentially rooted in religious faiths that are largely ignorant of each other and consequently mutually hostile Hopefully not too late the world has woken up to this awesome reality This work started by the author some years ago before September 11 2001 is appearing at a most auspicious time when Nigeria indeed is like the world stage in microcosm where the contradictions between faith and praxis in the relationship between these world religions are played out Using Nigeria as a case study the author painstakingly analyses the commonly shared areas of faith between Islam and the Christian Faith and carefully scrutinizes the background motives and characteristics of the friction points between the two religions The result of his research challenges both religions by exposing how much they have in common to co exist peacefully and assure humanity that peace is inexorably bound up with religion It also underscores the Catholic Social Teaching with its principles values and norms for the foundation of a sound social Order and structure of social life Contents Background to Christian Islamic Tension Islamic Religion and its Socio economic and Political Aspirations in Nigeria Christian Incursion in Nigeria its Social and Political Implications Christian Islamic Tension in Nigeria The Social Teaching of the Church Areas of Application Religious Co existence in a Pluralistic Nigeria

**The Catholic Periodical and Literature Index** ,2002     **Christians Meeting Hindus** Bob Robinson,2011-06-16 With rare exceptions serious intentional reflective and sustained interfaith encounter is a novel and recent enterprise This book looks in detail at one such encounter the intentional recent Hindu Christian dialog in India and asks why and how the practice of dialog came to replace previous attitudes of confrontation and monologue especially on the part of Christians Part I sets the encounter in its global context Part II offers a comprehensive and critical analysis of the actual encounter Part III draws on aspects of the Christian tradition as it critically examines the ways in which the dialog has been justified in Christological categories A final chapter discusses the future of the encounter Unlike many other works in the area of interfaith studies this work combines both descriptive detail of the actual encounter and critical theological

analysis of the strengths and weakness of the dialog model

**Africas Islamic Experiences- History, Culture, and Politics** Ali A. Mazrui, Patrick M. Dikirr, Jr. Robert Ostergard, Michael Toler, Paul Macharia, 2012-06 Africas Islamic Experiences History Culture and Politics Edited by Ali A Mazrui Patrick M Dikirr Robert Ostergard Jr Michael Toler Paul Macharia This volume is rich in historic surprises about the fortunes of Islam in African experience Islam first arrived in African while the Prophet Muhammad the Founder of the religion was still alive Ethiopia provided asylum to early Arab Muslims on the run from persecution by fellow Arabs in pre Islamic Mecca Today Nigeria has more Muslims than any Arab country including Egypt This volume explores not just Islam s impact upon Africa but also Africa s impact on Muslim history The book explores the geographical expansion of the religion the revival of ancient Muslim rituals and the politicization and radicalization of Islam in both colonial and pre colonial Africa Is Islam compatible with democracy Can African Islam peacefully coexist with Christianity How has Islam in Africa influenced architecture Literature race relations gender relation and cultural interpenetrations between Arabs and Black Africans In this era of globalization is Islam a positive vanguard force or a trigger for parochialism and backward looking nostalgia In this era of terrorism and counter terrorism can Islam be mobilized as a force for stability or has the religion been irretrievably hijacked by its own worst radicals This volume does not try to answer all the questions but it helps to lay the basic groundwork for understanding Islam much better in this new age
