Christianity And The Superpowers:

Christianity & the Superpowers Alan F. Geyer,1990 *How Christianity Made the Modern World, How The Bible Inspired Liberty* Paul Backholer,2018-01-24 What has Christianity ever done for the world The answer is both profound and inexhaustible Discover how Christianity became the most important factor in the creation of the modern world by shaping our values beliefs and civilisation Find how leading scientists explorers adventurers and freedom fighters were inspired by their Christian faith and learn how they changed life on planet earth Take a journey with the author to over thirty five nations as he establishes from personal observations how slaves were freed human rights were fought for and how liberty spread globally as the message of the Christian gospel sounded forth Learn how empires and superpowers were transformed by Christianity how missionaries kept them accountable abroad and how non conformist believers transformed them from within 2020 edition *Twilight of the Eternal City: The Forces That Dismantled an Ancient Superpower* Caleb Prescott,2025-11-26 For centuries Rome ruled vast territories with unmatched military discipline administrative rigor and cultural influence Yet by the 5th century the empire that once seemed unstoppable fractured under pressure from within and without *Twilight of the Eternal City* presents a research driven expert level examination of the true causes behind the fall of the Roman Empire far beyond simplified tales of barbarians at the gates This analytical narrative dissects the intertwined political economic military and social dynamics that eroded stability across centuries Through primary source evaluations archaeological findings demographic studies and modern historiographical debates the book illuminates how corruption overexpansion civil conflict shifting trade networks climate stress and foreign incursions collectively pushed Rome past its breaking point Crafted for professionals and serious scholars the text emphasizes evidence complexity and competing interpretations rather than easy conclusions Each chapter offers clear research oriented insights into how systemic decay operates within large states lessons that continue to resonate in discussions of geopolitical decline today Step into the final chapters of an empire and uncover how a civilization that reshaped the world ultimately collapsed under the weight of its own contradictions

Christianity Today, 1983 Planet of Gold Andreas Paris, 2008-12 Planet of Gold is a fascinating and meticulously researched account of the first stirrings of the Earth when alien gods mastered our universe Paris hypothesis of these gods sending tons of gold from our planet may challenge your beliefs but with great skill he weaves a believable and astounding conclusion of why religions developed and how these beliefs have become permanently intertwined in our history The gold of Earth transformed into a monatomic super conducting gold powder could bring health and longevity Additionally it was a powerful and clean energy source The knowledge about gold powder was the explicit privilege of the gods For us it has been classified as forbidden knowledge The gold and the gold powder was the reason behind such events as the creation of man the confusion of the tongues the destruction of cities and the introduction of religions like Christianity and Islam Their action to violently deprive us from using gold powder is visible in our current state of being a world dominated by diseases mental enslavement by religious dogmas and pollution leading to a climate crisis Paris book is a stunningly revealing look at ancient kings prophets and agents secret societies the Holy Inquisition the Bible and other religious teachings Planet of Gold will open your eyes to an entirely different way of observing your faith and your world ABOUT THE AUTHOR Andreas Paris lives with his wife and two children in Stockholm Sweden He is a retired IT Specialist and is currently working on a second volume about the Planet of Gold **Imam Khomeini, Pope, and Christianity** Ruhollah Khomeini, 1984 **Superpower America** Hugh Fincher, 2003-09 A study by a World War II GI and Vietnam War USAID foreign service officer who learned about terrorism first hand This book describes the vast gulf between those who suffer and die in war from those who start them and why Bush s military action against terrorism is utter stupidity Christianity and Science Versus Paganism and Idolatry Henry M. Porter, 1930 **The Encycloedia of Christianity, Vol. 5** Erwin Fahlbusch, Geoffrey William Bromiley, 1999 Written by leading scholars from around the world the articles in this volume range from sin Sufism and terrorism to theology in the 19th and 20th centuries Vatican I and II and the virgin birth *Earthly Stories with Spiritual Meaning* Danny Dodson, 2024-09-18 One of the primary teaching methods of Jesus the master teacher was His use of parables Jesus parables were simply short stories that were true to life and taught valuable spiritual truths to His listeners Similar to how Jesus used parables this book uses nostalgic and often humorous events from the author s own life to illustrate and explain some valuable spiritual truths from the Holy Scripture If we are paying attention life events can certainly teach us a whole lot about our omnipotent God Then if we will allow God to communicate with us through his Holy Scripture we will learn all we

need to know about how to live an abundant life now and prepare for eternal life in the world to come The author has done his share of preaching over the last fifty years Yet much more often than not he has been the one in the pew gleaning valuable knowledge from preachers and teachers And when you add his secular engineering background and love of humor this mixture of experiences has given the author a unique perspective on the truth in God s Word which will be evident in this book His stated purpose for writing this book is both to entertain and spiritually uplift his readers He is hopeful that it will increase the faith of his readers and inspire them to live holy lives as we wait anxiously for our Lord s return
