General Franco Made Me a 'terrorist' Stuart Christie, 2003

The Origins of Transmedia Storytelling in Early Twentieth Century Adaptation Alexis Weedon, 2021-06-18 This book explores the significance of professional writers and their role in developing British storytelling in the 1920s and 1930s and their influence on the poetics of today's transmedia storytelling. Modern techniques can be traced back to the early twentieth century when film, radio, and television provided professional writers with new formats and revenue streams for their fiction. The book explores the contribution of four British authors, household names in their day who adapted work for film, television, and radio. Although celebrities between the wars, Clemence Dane, G. B. Stern, Hugh Walpole, and A. E. W. Mason have fallen from view. The popular playwright Dane, witty novelist Stern, and raconteur Walpole have been marginalised for being German, Jewish, female, or gay, and Mason's contribution to film has been overlooked also. It argues that these and other vocational authors should be reassessed for their contribution to new media forms of storytelling. The book makes a significant contribution in the fields of media studies, adaptation studies, and the literary middlebrow.

Ned Christie's War Robert J. Conley, 2002-08-19 The Cherokee nation faces a threat from the United States government as Ned Christie, who is trying to preserve their heritage, becomes a suspect in the shooting of a deputy marshal. Reprint.

Journals of the Legislative Assembly of the Province of Ontario Ontario. Legislative Assembly, 1892

Anarchist Seeds Beneath the Snow David Goodway, 2006-01-01 From William Morris to Oscar Wilde to George Orwell, left libertarian thought has long been an important but neglected part of British cultural and political history. This work seeks to recover that indigenous anarchist tradition. It argues that a recovered anarchist tradition could be a touchstone for contemporary political radicals.

Breaking History Jared Kushner, 2022-08-23 1 NEW YORK TIMES BESTSELLER 1 WALL STREET JOURNAL BESTSELLER 1 PUBLISHER'S WEEKLY BESTSELLER 1 AMAZON BESTSELLER Jared Kushner was one of the most consequential presidential advisers in modern history. For the first time, he recounts what happened behind closed doors during the Trump presidency. Few White House advisers have had such an expansive portfolio or constant access to the president. From his office next to Trump, senior adviser Jared Kushner operated quietly behind the scenes, preferring to leave the turf wars and television sparring to others. Now Kushner finally tells his story, a fast-paced and surprisingly candid account of how an earnest businessman with no political ambitions found himself pulled into a presidency that no one saw coming. *Breaking History* takes readers inside debates in the Oval Office, double crosses at the United Nations, tense meetings in Arab palaces, high-stakes negotiations, and the daily barrage of leaks, false allegations, investigations, and West Wing infighting. A true historical thriller, this book is not your typical political memoir. Kushner details Washington's intense resistance to change and reveals how he broke through the stalemates of the past. An outsider among outsiders, Kushner was a results-driven executive among beltway power brokers. He questioned old assumptions and delivered unprecedented results on trade, criminal justice reform, production of COVID-19 vaccines, and Middle East peace.

His successful negotiation of the Abraham Accords the most significant diplomatic breakthrough in 50 years earned him a nomination for the Nobel Peace Prize Written by one of the few people by Trump s side from his trip down the golden escalator to his final departure from Andrews Air Force Base Breaking History provides the most honest nuanced and definitive understanding of a presidency that will be studied for generations **Training** United States.
