The stage is decorated with plants and has a rustic, wood-paneled background. The text "CHRISTUS VICTOR (AMEN)" is overlaid in a large, glowing cyan font across the center of the image. The foreground shows the dark silhouettes of an audience.

Global Dictionary of Theology William A. Dyrness, Veli-Matti Kärkkäinen, 2009-10-25 Theological dictionaries are foundational to any theological library But until now there has been no Global Dictionary of Theology a theological dictionary that presumes the contribution of the Western tradition but moves beyond it to embrace and explore a full range of global expressions of theology The Global Dictionary of Theology is inspired by the shift of the center of Christianity from the West to the Global South But it also reflects the increase in two way traffic between these two sectors as well as the global awareness that has permeated popular culture to an unprecedented degree The editorial perspective of the Global Dictionary of Theology is an ecumenical evangelicalism that is receptive to discovering new facets of truth through listening and conversation on a global

scale Thus a distinctive feature of the Global Dictionary of Theology is its conversational approach Contributors have been called on to write in the spirit of engaging in a larger theological conversation in which alternative views are expected and invited William A Dyrness Veli Matti K rkk inen Juan F Martinez and Simon Chan edit approximately 250 articles written by over 100 contributors representing the global spectrum of theological perspectives Pastors theological teachers theological students and lay Christian leaders will all find the Global Dictionary of Theology to be a resource that unfolds new dimensions and reveals new panoramas of theological perspective and inquiry Here is a new launching point for doing theology in today s global context

40 Questions About the Atonement Channing L. Crisler, 2025-01-28 Atonement sits at the very heart of Christian doctrine describing believers status as being one again with God through Jesus Christ It is the culmination of God s work of reconciliation simultaneously defining believers relationship with God while also describing how that relationship is restored Because of this how one understands atonement has a profound impact on how one views and understands God salvation and human nature New Testament scholar Channing L Crisler offers a robust foundation for understanding the divine mystery of atonement drawing on biblical and historical witnesses to answer pertinent questions such as Why is atonement necessary What are the different theories of atonement How is atonement understood by the various Christian traditions and world religions What implications does one s understanding of atonement have on the present Through its question and answer format 40 Questions About the Atonement provides an expansive introduction to the doctrine of atonement inviting the reader to wade into this divine mystery with curiosity and awe

Christus Victor. [In English Verse.] , 1865 Victorious Substitution Vee Chandler, 2025-05-20 Aspiring to understand the theories concerning the necessity of Christ s death and what it accomplished is a challenging and exciting undertaking that every Christian should pursue This book guides the way with a fair presentation of different atonement theories an extensive analysis of relevant biblical texts and a presentation of the author s conclusions from her personal quest for understanding Throughout there is a careful determination not to blur the lines between what is fact and what remains theory Equally significant to understanding the mechanics of Christ s atoning work is contemplating the nature of the rescue and liberation that he provided through his sacrifice May this book s readers delight in thinking through these issues and in living out the possibilities

Christus Victor Henry Nehemiah Dodge, 1899 Christus Victor Gustaf Aulén, 2016-06-15 Dr Aul n is Professor of Systematic Theology in the University of Lund and this book is a translation of the Olaus Petri Lectures delivered by him before the University of Uppsala in March and April 1930 The same lectures were also delivered in Germany in September 1930 in a much condensed form the eight lectures being brought down to three with the title of Die drei Haupttypen des christlichen Vers hnungsgedankens and were published in Zeitschrift f r systematische Theologie 1930 pp 501 538 This book is strictly an historical study it contains no personal statement of belief or theory of the Atonement Its important and original contribution is its strong delineation of the view of the Atonement which is summed up in such

phrases as Christus Victor and God was in Christ reconciling the world to Himself the view that sets the Incarnation in direct connection with the Atonement and proclaims that it is God Himself who in Christ has delivered mankind from the power of evil As soon as the meaning of this view is grasped the patristic teaching at once stands out as a strong clear and consistent whole and it becomes impossible to doubt that it is this view which also dominates the New Testament it has therefore every right to be called the typical Christian view or in Dr Aul n s phrase the classic idea of the Atonement Evidently too it is to be distinguished from the view which grew up in the West on the basis of the forensic idea of sin as transgression of law and which received its first clear formulation from Anselm for that view regards the Atonement as not in the full sense God s work but rather as the act whereby man in Christ makes reparation for man s sin Dr Aul n proceeds to show that Luther revived the classic idea of the Atonement with mighty power but that Luther s successors went back to the forensic view which thus came to dominate orthodox Protestantism and that the theologians of the subjective or exemplarist view which arose to challenge the accepted forensic theory so far from returning to the classic idea diverged from it still further and concentrated their whole attention on the psychological process of man s reformation Dr Aul n closes with the hopeful expectation that we shall yet see the classic idea of the Atonement return in its strength for with all his restraint he cannot conceal where his own sympathies lie
