People of the Bomb Hugh Gusterson, 2004 E L Doctorow suggested that in the years since 1945 the nuclear bomb has come to compose the identity of the American people Developing this theme Hugh Gusterson shows how the military industrial complex has transformed public culture personal psychology in America to create a nuclear people *The Teaching of Kathakali in Australia* Arjun Raina, 2020-10-29 This book tells the story of teaching Kathakali a seventeenth century Indian dance drama to contemporary performers in Australia A rigorous analysis and detailed documentation of the teaching of multiple learners in Melbourne both in the group workshop mode and one on one combined with the author's ethnographic research in India leads to a unique insight into what the author argues persuasively is at the heart of the art's aesthetic a practical realisation of the theory of rasa as first articulated in the ancient Sanskrit treatise on drama The Natyashastra The research references the latest discoveries in neuroscience on mirror neurons and argues for a reconceptualization of Kathakali's imitative methodology advancing it from the reductive category of mimicry to a more contemporary and complex mirroring which is where its value lies in Australian actor performer training *The Teaching of Kathakali in Australia* will be of great interest to students and scholars of theatre and dance intercultural actor training practice led research and interdisciplinary studies of neuroscience and performance *Cyberspace/Cyberbodies/Cyberpunk* Mike Featherstone, Roger Burrows, 1996-01-29 How can we interpret cyberspace What is the place of the embodied human agent in the virtual world This innovative collection examines the emerging arena of cyberspace and the challenges it presents for the social and cultural forms of the human body It shows how changing relations between body and technology offer new arenas for cultural representations At the same time the contributors examine the realities of human embodiment and the limits of virtual worlds Topics examined include technological body modifications replacements and prosthetics bodies in cyberspace virtual environments and cyborg culture cultural representations of technological embodiment in visual and literary productions and cyberpunk science fiction as a pre figurative social and cultural theory **Surveillance** Sean P. Hier, Josh Greenberg, 2010-01-01 Surveillance is commonly rationalized as a practice to address existing political or social problems such as crime fraud and terrorism This book explores how surveillance disguised as managing risk or reducing harm can cause a range of problems including poverty over policing and exclusion The scholars represented in this volume interrogate the moral and ideological bases and material effects of surveillance practices and systems in diverse cultural and institutional arenas policing consumerism welfare administration disaster management popular culture moral regulation news media social movements and anti terrorism campaigns Surveillance addresses and asks us to consider the question How can we ensure a future in which surveillance and its consequences are not accepted as normal or necessary features of modern life *The Disappearing Body* David Grand, 2002-02-19 At once a noir thriller and a literary excursion into urban America between the wars *The Disappearing Body* is a tale of drug dealing and union busting murder and mayhem on both

sides of the law that combines the atmospheric richness of Dashiell Hammett and the irresistible subversive humor of Thomas Pynchon When Victor Ribe an ex junkie and World War I veteran is mysteriously released from prison after serving fifteen years for a murder he didn't commit the city he returns to is heating up for another kind of war Prohibition has been repealed and the underworld is developing a new source of profits illegal heroin trafficking Meanwhile the city's legitimate industries are launching an offensive against unionization and the specter of Communism and they're not above fighting dirty When Victor's old Army buddy Freddy Stillman a munitions salesman reports a murder but can't explain why the body has disappeared he unwittingly pulls himself and Victor into this bewildering swirl of corruption It is a conspiracy that encompasses everyone from a rising politician who may have just run into the end of his career to a young journalist driven as much by the nonstop energy of the Metro desk as she is by the mystery of her father's suicide in the book's vast noir cityscape David Grand whose first novel *Louse* transformed the last days of Howard Hughes into compelling fiction works the same dark magic here weaving suspenseful mystery into his stunning perversely hilarious portrait of the corruption ambition passion and innocence of post Prohibition America
