Race and Redistricting Tinsley E. Yarbrough, 2002 Through much of the 1990s a newly hatched snake wreaked political havoc in the South When North Carolina gained a seat in Congress following the 1990 census it sought to rectify a long standing failure to represent African American voters by creating under federal pressure two majority minority voting districts One of these snaked along Interstate 85 for nearly two hundred miles not much wider than the road itself in some places and was ridiculed by many as one of the least compact legislative districts ever proposed From 1993 to 2001 three intertwined cases went before the Supreme Court that decided how far a state could go in establishing voting districts along racial lines Noted Supreme Court biographer Tinsley Yarbrough examines these closely linked landmark cases to show how the Court addressed the constitutionality of redistricting within the volatile contexts of civil rights and partisan politics A suit was first filed by Duke University law professor Robinson Everett a liberal who loathed discrimination but considered racially motivated redistricting a clear violation of the Fourteenth Amendment s equal protection clause Yarbrough tells how Everett enlisted associates as plaintiffs and went on to win two Supreme Court victories in Shaw v Reno 1993 and Shaw v Hunt 1996 both by 5 4 decisions Following the creation of another flawed redistricting plan he rounded up a new set of plaintiffs to take the battle back to the Supreme Court But this time in Easley v Cromartie on the swing vote of Justice Sandra Day O Connor the 5 4 vote went against him Yarbrough shows the significant impact these cases have had on election law and the fascinating interplay of law politics and human conflict that the dispute generated Drawing heavily on court records and on interviews with attorneys on both sides of the litigation he relates a complex and intriguing tale about these protracted struggles His cogent and balanced analysis considers whether the state legislature was wrong in using race as a measure for establishing the new district or whether it was simply engaging in the time honored practice of gerrymandering to ensure political balance Race and Redistricting spotlights efforts to racially engineer voting districts in an effort to achieve fair representation By examining one state s efforts to confront such dilemmas it helps readers better understand future disputes over race and politics as well as the ongoing debates over our color blind constitution Leche De Coyote Jerry P.

Martinez, 2007-06-29 The beginning of this book is the story of my life followed by the life of my ancestors I start with my own story not a story of a hero Its not a about a famous baseball player that I envisioned in my dreams My story doesnt involve any spy adventures like the books I enjoy reading Rather my life I share with you is about a boy born in the hills of Northern New Mexico Its about a kid that lived the first five years of my life in one of the most impoverished counties in the United States My story recognizes the important role my mother Fedelina played in my life She gave me and my siblings the opportunity to be educated Because of her efforts I became educated in the Catholic School system Because of her foresight I grew up in Santa Cruz New Mexico and became educated in the Catholic tradition Its about a person that carried through his Mothers wishes The world she opened led me to become one of the first members of the Martinezs clan to get a College

degree Its about a career that starts in the New Mexico State capitol and winds up in the California Aerospace Industry Its about a person that is proud of his heritage proud of his family and proud of his country My life has been driven by a philosophy learned from the experiences of others I recognized the importance of learned experiences so I embraced what they shared with me I adopted their experiences as my own I lost my father at an early age so I really couldnt use him as a model for learning I listened to the elders where ever and whenever the occasion presented itself I learned to avoid the bad and accept what I perceived to be good Those of my parents Andres and Fedelina follow my own story The others that follow are those of their parents and grandparents I have enjoyed doing research on them and it has been especially rewarding to actually put all these stories on paper My family comprising of both the Martinez Clan and the Archuletas number in the hundreds Papatin and Mama Ignacita had thirteen children the Archuletas Papa Esquipula and Mama Aleja had seven children Without a doubt some of these relatives can share much more interesting memoirs than mine I have knowledge of many interesting stories about them My uncles served our Country during World War II as some of my older cousins did Im sure they can relate to some very interesting experiences during those times Documentation that contains historical data on our ancestors is available for those interested in Genealogy The Catholic Churches and missions throughout the southwest have kept records dating back to the colonization of the New World Other agencies like the United States Census Bureau The New Mexico Genealogical society and the Organized Church of the Latter Day Saints also maintain information on settlers coming to live in the New World Information exists on almost every US citizen all it takes is hours of research Also in the past information about ones ancestors was passed on either written or orally Ancestors would keep records in Bibles or in books theyd written themselves It was also very common for the family elders to repeat tales during campfire gatherings or around the dinner table My first recollection of tales involving ancestors was my Grandma Ignacita talking about her side of the family I remember these tales being told over and over The story of my maternal grandfather Luciano Herrera is one that I heard over and over Mother used to repeat stories relating to him to a point that I became familiar and intrigued with his life story I started to do research on him only to discover that genealogy could be fascinating which lead me to do further research on my other ancestors Ive documented much *Skiing* ,1977-09 **Allez Viens!** Holt Rinehart & Winston,2001-12 Integrated approach to language instruction develops student s listening speaking reading and writing skills with a variety of print and technology resources **The Secret of the Nightingale Palace** Dana Sachs,2013-02-19 Struggling to move on after her husband s death thirty five year old Anna receives an unexpected phone call from her estranged grandmother Goldie summoning her to New York A demanding woman with a sharp tongue and a devotion to fashion and etiquette Goldie has not softened in the five years since she and her granddaughter last spoke Now she wants Anna to drive her to San Francisco to return a collection of exquisite Japanese art to a long lost friend Hours of sitting behind the wheel of Goldie s Rolls Royce soften Anna s attitude toward her grandmother and as the miles pass old hurts begin to
