Alone With Many:

Go With It Karen Hough, 2017-10-01 Count the number of times you've said no to an idea. Whether you inadvertently put out a spark of brilliance or nixed a nonstarter, your response took away someone else's opportunity to feel heard. And that's an innovation killer. No one knows this truth better than improv expert Karen Hough. *Go With It* Embrace the Unexpected to Drive Change brings you Hough's discoveries from the front lines of innovation. She has seen how business innovators deal with dichotomy by preparing, playing, and thinking upside down. Improv troupes succeed on stage because they apply the Yes and principle. Whatever the first person says, the next person affirms and adds to it. But this practice isn't limited to onstage brilliance; corporate teams caught up in old patterns of thought and action can learn to improvise and innovate too. Pharmaceutical scientists who know how to improvise can accelerate their fuzzy front-end work on new drugs. Technologists who are masters of going with it know how to successfully bring their breakthroughs to market. Executives who use improv techniques get their teams working and innovating together. Their stories fill this book. And they emphasize that it's the process of listening, agreeing, and discussing an idea that's monumentally important. Hough shows you that anyone can learn to be more creative and innovative. It just takes flexibility, humor, and focus that's improv. *Perez & Brady's Principles and Practice of Radiation Oncology* Edward C. Halperin, Luther W. Brady, David E. Wazer, Carlos A. Perez, 2013-05-06 Inside the Sixth Edition of this now-reference you will discover encyclopedic coverage of topics ranging from basic science to sophisticated computer-based radiation therapy, treatment planning, and supportive care. [Justice Is Dead](#) Jozef Demcak, 2011-02-16 GULAG OF SLOVAKIA They will kidnap you in police car. Lock you up in government jail. Fabricate false acquisitions against you. Blackmail money for your freedom. Torture you to persuade you to pay. And your government will not help you. That is what happened to Jozef Demcak, Canadian Citizen in Slovak jail.
