*Alter Ego* Roy Thomas, Ron Harris (Comic book creator), 1997      **Alter Ego** Edmundo Nava, 2015-02-26      **Philosophy and Science in Phenomenological Perspective** Kah Kyung Cho, 1984-10-31 The articles included in this volume originate from contributions to the International Conference on Philosophy and Science in Phenomenological Perspective held in Buffalo in March 1982. The occasion had been to honor the late Professor Marvin Farber, a long time distinguished member of the Department of Philosophy, State University of New York at Buffalo and the Founding Editor of the journal *Philosophy and Phenomenological Research*. Many of the papers were subsequently rewritten, expanded or otherwise edited to be published in the series *Phaenomenologica*. The articles by Professor Frings and Professor Rotenstreich had not been presented at the conference although they were originally invited papers. We regret that not all papers submitted to the conference including comments could be accommodated in this volume. Nonetheless, our sincere gratitude is due to all participants who have made the conference a memorable and worthy event.

nt of Philosophy, State University of New York at Buffalo as the sponsor of the conference wishes to acknowledge the grants from the Conferences in the Disciplines Program, Conversations in the Disciplines Program and the International Studies of the State University of New York at Buffalo as well as for a grant from the National Endowment for the Humanities. The International Phenomenological Society with Professor Roderick Chisholm succeeding Marvin Farber as its president co-sponsored the conference.

**Classified Index of National Labor Relations Board Decisions and Related Court Decisions**, 1985      The Alter Ego Effect Todd Herman, 2019-02-05. Now a Wall Street Journal bestseller. What if the games we played as children were the greatest gift to helping us achieve more today? Before stage fright, impostor syndrome, emotional baggage, and the other dubious gifts of adulthood, everyone pretended to be a superhero, a favorite athlete, an inspiring entertainer, a nurse, a firefighter, a lion, or whatever else captured our imaginations. And yet that natural creativity is slowly squeezed out of us because we think it's childish or it's time to grow up. Now Todd Herman, backed by scientific research and countless stories from the real world, will show us how to tap into the human imagination to unleash new versions of ourselves, ready-made to kick ass. Herman has been coaching champions in every field for over twenty years, and he's helped them bring out their Heroic Self to transcend the forces pulling them into the Ordinary World. Anyone attempting ambitious things faces adversity, resistance, and challenges, but Herman confronts these obstacles with a question: Who or what needs to show up to make success inevitable? In *The Alter Ego Effect*, Herman presents countless stories from salespeople, executives, entertainers, athletes, entrepreneurs, creatives, and historical figures to illustrate how to activate the Heroic Self already nested inside each of us. And he reveals that we may not be using those traits in the moments when we need them the most. From the creative entrepreneur who resisted their craft to the accomplished military officer who wanted to be a warmer dad at home, Todd Herman's clients have discovered there is no end to the parts of their lives they could improve by using Alter Egos.
