Minter,2000-06-15 Pitching s Triple Crown Contenders is about baseball s greatest pitchers It is a fair and comprehensive comparison of pitchers fom all eras Unlike other Baseball s Greatest books it relies strictly on the numbers and it doesn t try to rank pitchers in with hitters Fifth place in strikeouts is the same in 1999 as it was in 1888 it means that only four pitchers

in the league had a higher strikeout total The placement in each Triple Crown category is the sole criteria used to rank the players It s a fresh new way of evaluating the careers of baseball s greatest pitchers TCC points should become part of serious fans vocabulary within a couple of years and eventually may become an Official Major League Baseball Statistic The various lists towards the end of the book confirm what most fans already knew about who were the flamethrowers and who were the best finesse pitchers Three new stats for pitchers are introduced Hitless Average and Out Percentage and the greatest pitchers best seasons are ranked using the TCC Ratio

What Makes an Elite Pitcher? Warren N. Wilbert,2010-07-27 Elite baseball pitchers are elite for a reason They seem to have it all a variety of pitches that no one can lay a bat to cool heads and confidence in their stuff when they get in a jam and the kind of dexterity that makes difficult plays seem easy Is elite status revealed through statistics Though the author of this book considers statistics of both the traditional and sabermetric sort he argues that the greats are proved not by broad statistical comparison with all other pitchers but by their record against one another In a thoughtful discussion of the evidence of head to head matchups he finds the nine pitchers who make up the true elite Cy Young Christy Mathewson Walter Johnson Grover Alexander Lefty Grove Warren Spahn Tom Seaver Roger Clemens and Greg Maddux For each pitcher the book provides biographical information career highlights and a list of the feats that put him in the record books
