Niculescu, 1958 *Planting, Planning and Design* Diane Shafer Graham, State University of New York at Binghamton, 2001 Development and Diffusionism J. Dibua, 2015-12-04 This book deconstructs the neopatrimonial paradigm that has dominated analysis of Nigerian and African development It shows that by denying agency to Nigerian societies and devaluing indigenous culture and local realities Eurocentric diffusionism played a significant role in the failure of development planning A Comparative Study of the Planning of Spanish Colonial Towns of the 16th Century and a New Zealand Colonial Town of the 19th Century Arthur Leslie Batt, 1986

Njoh, 2015-12-10 This book will seek to close the gaps on the role of France in exporting Eurocentric spatial and environmental design principles and practice It does so by analyzing the major spatial and physical development projects that French colonial authorities implemented in France's colonial empire and elsewhere from the 15th to the 20th century French urban planning ideology principles and practice were not exported exclusively to territories under French colonial suzerainty Accordingly the book focuses on major physical and spatial planning schemes inspired by French planning thought in territories without a history of French colonialism **Grid Planning in the Urban Design Practices of Senegal** Liora Bigon, Eric Ross, 2020-01-01 This book is the first to trace the genealogy of an indigenous grid pattern settlement design practice in Africa and more specifically in Senegal It does so by analyzing how the precolonial grid plan design tradition of this country has become entangled with French colonial urban grid planning and with present day hybrid planning cultures By thus it transcends the classic precolonial colonial postcolonial metahistorical divides This properly illustrated book consists of five chapters including an introductory chapter historiography theory and context and a concluding chapter The chapters text has both a chronological and thematic rationale aimed at enhancing Islamic Studies by situating sub Saharan
