Dragonheart Alicia Michaels, Centuries ago the only dragon left in Fallada perished succumbing to a disease caused and spread by black magic The last of the eggs failed to hatch becoming like stone and remaining that way until Sonia Jones discovered her true identity as a lost princess of the otherworldly kingdom A tomboy who once suffered from a chronic illness Sonia doesn't feel like princess material Unlike her royal siblings she has yet to discover her supernatural abilities With war brewing in Fallada between good and evil she hardly feels equipped to join her people on the side of good even though an ancient prophecy clearly points to her as a savior of the realm Her purpose finally becomes clear when the dragon eggs in her possession hatch The creatures seem to trust her growing and becoming stronger under her care inspiring her to undergo her own quest to unlock her latent abilities Along the way she will stumble upon a way to save her mother and their people but it may require her to endanger the first dragons the kingdom has seen in hundreds of years Can Sonia find the strength to fulfill her prophecy and rescue her mother while protecting Fallada's most rare and precious creatures
