It is to help any and all pet owners with its straightforward and easy-to-follow content. You can get your pet under control in no time flat, and you don't even need to be a professional trainer to get your pet to sit, stay, or roll over.

Dog Training Jade Backer, 2016-06-09

In this book, you will learn to teach your dog who the master is in the most healthy and gentle way. Dogs are much easier to train and educate when they have a leader to follow, and this book teaches you how. Being the pack leader has proven benefits for your dog; it reduces his anxiety, develops a stronger bond between you, helps him follow training more easily, and more. Jade Backer is from New Jersey and has been a dog instructor for the last 20 years. Her teaching methods are based on a psychological approach that emphasizes the importance of educating the owner as well as his dog. For a good bond and healthy relationship, master and dog must understand and respect each other. Through her books, Jade is able to share her passion and teach you the right method in the easiest and healthiest way. There are only a few things in life that are as strong as the bond between a dog and their owner. It is the raw, pure emotions that exist between the two of you. When such a bond exists, you can immediately feel the imbalance and what could be fixed. For most people, the first response to any behavior problem is to immediately put something or someone else to blame. Many often put blame on the dog's breed or the behavior of the entire family. But in reality, how dogs behave is a reflection of us, the owner. As dogs are naturally pack animals, how they behave and interact is almost entirely based on how they perceive the environment around them. Dogs don't share emotions as humans do; they live by instinct. Those instincts develop over the course of time as to how to react to the behavior of their owners. Don't wait up; get this book; you don't risk anything but to have an even healthier relationship with your dog.
