Dogs and Their Humans in Pacific Island Interspecies Cultures Roger Ivar Lohmann, 2026-01-22 *Dogs and Their Humans in Pacific Island Interspecies Cultures* explores diverse canine-human relationships in ancient and contemporary Polynesia, Micronesia, Melanesia, and Australia. Anthropologically combining ethnographic, archaeological, biological, and linguistic evidence, the chapters demonstrate that from Hawaiian backyards to the Australian outback, both dogs and humans act differently depending on the cultural conditions connecting them in their multispecies communities. This book rewards readers with a profound understanding of the intricate and dynamic relationships between dogs and humans, highlighting the significant impact these interspecies interactions have on shaping cultural and ecological landscapes that affect empathy, customs, genes, and ecosystems.

An Order Outside Time Robert B. Clarke, 2005-06-15 The line of Western Spirituality began in Egypt and continued through the time of Christ. Has it become stalled in the years since? Robert Clarke says yes, it has. In *The Four Gold Keys*, Clarke, going by his own spiritualization in the psychic depths, argued that the way out of Western civilization's essential atheism lies in the psychological teachings of Swiss psychologist Carl Jung. In *An Order Outside Time*, Clarke reinterprets Western Spirituality using Jungian symbolism to show that the great stories of ancient Egypt and of the Old and New Testament are processes of what Jung called individuation. This is the individual's journey from lowest to highest Self: from Osiris to Horus, from Moses to Joshua, from David to Solomon, from John the Baptist to Jesus Christ. These pairings also reflect what Joseph Campbell calls the Hero's Journey, which may ultimately spiritualize the whole culture. Clarke traces the connections between Egyptian, Jewish, and Christian mythology, concluding that the West's spiritual lineage has become stalled. He maintains that we can attain wholeness only by making sense of the clues provided by our mythology. This is the royal line of Higher Self incarnations through the collective unconscious. The ultimate example of individuation, Clarke says, is the Christ who must now be further understood and developed. And taking Christ as our symbol of the Self, direct experience of the sacred by each of us can enable us to achieve our greatest spiritual potential, both as individuals and as a whole culture. *An Order Outside Time* shows how that spiritual journey began and how it must be continued.

Spirit of the Dog Tamsin Pickeral, 2012-10 Dogs formed an allegiance with humans in early prehistory, and this was the beginning of a unique bond between dog and human that has endured some 14

000 years Since then there have been numerous momentous events through history at which the dog has been present following or leading troops into battle lurking in the shadows of official business seated on the laps of emperors and curled sleeping during spiritual and religious occasions The Spirit of the Dog explores the long and varied history of the dog in human cultures across the world and celebrates the very special place that this enigmatic creature holds in people s hearts Established author and animal specialist Tamsin Pickeral examines the development of the major dog breeds within their historic context from the slender powerful sight hounds to the hard working Siberian Husky the spirited Terrier breeds and the personable mongrels Grouped according to their key characteristics including Elegance and Speed Power and Strength Devotion and Loyalty Agility and Wisdom the breeds are each studied in comprehensive detail As a mammal species the dog is the most varied in shape size and color and also the most versatile whether working as a hunter protector or simply providing companionship as a domestic pet The Spirit of the Dog celebrates this diversity aided by the stunning photography of contemporary animal photographer Astrid Harrisson whose striking beautiful and unusual images of our major dog breeds skillfully reflect the virtues of man s best friend With evocative text and exceptional photography this is an essential volume for everyone who loves dogs

The Japanese Village IIs 56 J.F. Embree,2013-09-05 This is Volume V of six in a collection on the Sociology of East Asia

Initially published in 1946 Dr Embree's book is a description based on direct observation of the life of a Japanese village community. Its chief purpose is to provide material for that comparative study of the forms of human society that is known as social anthropology but it should have an appeal to a wider audience of general readers as giving additional insight from a new angle into Japanese civilization. *All about Dogs* Henri Vibert, 1921 **WE ARE GODS** Joseph Ngoma, 2025-10-16

What does it mean to be made in the image of God? Why did Jesus declare, "Is it not written in your law, 'I said you are gods'?" John 10:34. Psalm 82:6. Many wrestle with these words often misunderstood but within them lies a powerful truth about human identity, purpose, and authority. In *We Are Gods* Joseph Habimana Ngoma uncovers the biblical revelation that we are not God Almighty but we are His image bearers, small gods created to reflect His glory, exercise His authority, and fulfill His will on earth. This book explores God's original design for humanity in Genesis 1:26-28, what it means to be sons and daughters of the Most High, how Satan distorts human identity through lies and sin, the restoration of God's image in us through Jesus Christ, the responsibility of believers is to walk in holiness, power, and love. This is not a message of pride or self-exaltation but of humility and responsibility. To be gods is to be God's representatives, ambassadors of His Kingdom, called to bring light where there is darkness and truth where there is deception. If you have ever struggled to understand your spiritual identity, your authority in Christ, or your purpose in life, this book will open your eyes to who you are meant to be in God's Kingdom.
