**Parallels and Convergences** A. Scott Howe, Richard L. Bushman, 2012-02-28 The earth will eventually be renewed and receive its paradisiacal glory But how will our current world ever become the heaven of our dreams The Lord is already on it and as the essays in this book provocatively propose He s following good engineering principles Joseph Fielding Smith said regarding inventions in these latter days The inspiration of the Lord has gone out and takes hold of the minds of men though they know it not and they are directed by the Lord In this manner he brings them into his service If there is no such thing as immaterial matter and all spirit is matter then what are the implications for such standard theological principles as creation human progression free will transfiguration resurrection and immortality In eleven stimulating essays Mormon engineers probe gospel possibilities and future vistas dealing with human nature divine progression and the earth s future Richard Bushman poses a vision expanding proposal The end point of engineering knowledge may be divine knowledge Mormon theology permits us to think of God and humans as collaborators in bringing to pass the immortality and eternal life of man Engineers may be preparing the way for humans to act more like gods in managing the world

*Hearken, O Ye People* Mark Lyman Staker, 2008-07-01 Best Book Award Mormon History Association Best Book Award John Whitmer Historical Association More of Mormonism s canonized revelations originated in or near Kirtland than any other place Yet many of the events connected with those revelations and their 1830s historical context have faded over time Barely twenty five years after the first of these Ohio revelations Brigham Young lamented in 1856 These revelations after a lapse of years become mystified sic to those who were not personally acquainted with the circumstances at the time they were given He gloomily predicted that eventually the revelations may be as mysterious to our children as the revelations contained in the Old and New Testaments are to this generation Now more than 150 years later the distance between what Brigham Young and his Kirtland contemporaries considered common knowledge and our understanding of the same material today has widened into a sometimes daunting gap Mark Staker narrows the chasm in *Hearken O Ye People* by reconstructing the cultural experiences by which Kirtland s Latter day Saints made sense of the revelations Joseph Smith pronounced This volume rebuilds that exciting decade using clues from numerous archives privately held records museum collections and even the soil where early members planted corn and homes From this vast array of sources he shapes a detailed narrative of weather religious backgrounds dialect differences race relations theological discussions food preparation frontier violence astronomical phenomena and myriad daily customs of nineteenth century life The result is a from the ground up experience

that today's Latter-day Saints can all but walk into and touch Doctrine & Covenants Richard O. Cowan, 1978 *Riches of Eternity* John Kevin Challis, John George Scott, 1993 **The Doctrine and Covenants, of the Church of Jesus Christ of Latter-day Saints** Joseph Smith (Jr.), 1957 The Doctrine and Covenants of the Church of Jesus Christ of Latter-day Saints, 1886 The Doctrine and Covenants of the Church of Jesus Christ of Latter Day Saints, 1909 **Revelations in Context** The Church of Jesus Christ of Latter-day Saints, 2017-08-16 This book contains stories told from the point of view of those who experienced the revelations in the Doctrine and Covenants giving us insight into their meaning While the section headings provide context for the revelations they don't tell the complete story What questions prompted the revelations What did the Lord's responses mean to those He addressed How did they respond Perfect for study with the Doctrine and Covenants
