Royce, 1996 **Forthcoming Books** Rose Army, 1996-10 Heart Centered Marriage Sue Patton Thoele, 1996 From the bestselling author of *The Courage to Be Yourself* and *The Woman's Book of Courage* comes an invaluable tool for couples who want to attain greater closeness and happiness in their partnership. Pardeck, 1993-10-26 Pardeck provides mental health professionals with readily available information on self-help books that can be effectively used with various clinical problems. The materials presented can also be used by those not necessarily trained in clinical intervention; this group would include parents, teachers, and librarians. There are over 400 self-help books presented and annotated that focus on chemical dependency, coping with change, family violence, and dysfunctional families; parenting; personal growth; serious illness; social relationships; and divorce and blended families. **Through the Eyes of**

Women Jeanne Stevenson Moessner, 1996 A comprehensive survey of care of women by women from a religious standpoint results from the collaboration of nineteen leading women in the field of pastoral care. Subjects include the role of women in pastoral theology and pastoral care; care of African American women; and of women entering ministry. The book treats anger, aggression, lesbian identities, loss of mothers, eating disorders, hysterectomy, mastectomy, rape, and older women's issues. The volume concludes with women's spiritual care, community, self-sacrifice, and self-denial. **Sharing the Journey** Robert

Wuthnow, 1996-07 A look at how support groups have affected American society argues that although support groups provide a warmth and security that holds society together, they can lead to an unhealthy self-absorption and a trivialized sense of what is sacred. *Holy Women of Russia* Brenda Meehan, Brenda Meehan-Waters, 1993 From the widow Tuchkova, hermit Anastasiia, and peasant Matrona Naumova to the aristocratic Aleksandra Shmakova and the Abbess Taisiia, each of these diverse women craved and created environments that combined monastic solitude with a community of like-minded women. Rich and poor, middle-aged and young, out of the pain at the loss of a cherished husband and child or the boredom of aristocratic social life or the shattering power of a mystic vision or the simple but incorrigible habit of giving shelter for the night to the homeless, each woman answered the jarring, life-disturbing call to abandon oneself to God. Meehan shows the sources and qualities of their holiness; how each woman represented a particular aspect of Orthodox spirituality; and how aspects of women's religious ideals, including community service and reconciliation, marked the religious communities they founded. In studying their lives, we see virtues embodied, dark undersides redeemed, and the daily struggle of community life.

have called these women holy Meehan writes holy in the ordinary sense of the word meaning people leading devout and godly lives dedicated to the service of God None of them is considered an official saint of the church But these women were held up in their time as exemplars of the holy life models of holiness deserving of imitation And their stories speak to us even today for as John Coleman has said of saints they invite us to conceptualize our lives in terms other than mastery usefulness autonomy and control These women believed and shock us into believing in a world in which virtue has meaning
