J. Ayer : Writings on Philosophy* Alfred Jules Ayer, 2005 *Jacques Derrida's Cambridge Affair* Niall Gildea, 2019-11-20 What is philosophy A question often asked but usually in an abstract or speculative way Rarely do we find a case of philosophy being determined in the real world However at Cambridge in 1992 this is exactly what happened as a debate took place over the merits or otherwise of awarding an Honorary Doctorate of Letters to the philosopher Jacques Derrida Derrida's supporters argued that his deconstruction of Western traditions of thinking ushered in an important new manner of doing philosophy his detractors dismissed his work as charlatanism philistinism and non philosophy As arguments raged over the validity of introducing the canon of Continental philosophy to the Humanities in British Higher Education the so called Theory Wars Derrida's Cambridge Affair focalized this decisive conflict more than anything else This is the first study of the Cambridge Affair Drawing upon archival and unpublished material little known texts pertaining to the Affair and Derrida's own oeuvre this original account offers an historical and philosophical reconstruction of this crucial debate evaluating it against the body of work it put on trial **Ayer: Writings on Philosophy** A.
