B-17 Flying Fortress Walk Around Lou Drendel, 1998-12-01 Rigt illustreret beskrivelse af det fra 2 verdenskrig kendte amerikanske bombefly Boeing B 17G Flying Fortress **B-17 Flying Fortress Restoration** Jerome J. McLaughlin, 2016-07-13 The arrival of the WWII B 17 bomber at the National Museum of the Mighty Eighth Air Force in January of 2009 initiated a great adventure for a group of warbird lovers from the nearby communities as they united to restore that B 17 The dream of the volunteers was to honor the WWII veterans of the Eighth Air Force some of whom were literally their fathers by restoring the B 17 to its original pristine condition The group was challenged by the fact that the airplane had been in storage for more than two decades following a long working life and was far from the gleaming symbol of power that it had been in 1945 This book is the story of the six year effort by a team of volunteers to overcome the challenges they faced and to fulfill their dream to create a lasting symbol to honor their fathers and grandfathers and all of the veterans who served in the Mighty Eighth during WWII **Pilot's Manual for the Boeing B-17 Flying Fortress** Michael S. In Death-Filled Skies J. Thomas Callahan,2022-01-26 What did you do in the war Grandpa asked my eleven year old great granddaughter one evening In the time it took her to ask that one innocent question my thoughts slipped back more than seventy years to the summer and fall of 1943 and to the airfields of East Anglia and into the death laden skies over Nazi occupied Europe The Eighth Air Force's rule was simple Complete twenty five bombing missions and you can go home The problem was the odds of completing those twenty five missions was almost nil In our B 17 Flying Fortress my friends and I had to fight off Germany's finest fighter pilots in their Messerschmitt's and Focke Wulf's and fly through flak barrages so thick it looked felt and sounded like we were caught in the middle of a Texas tornado We risked asphyxiation in the thin air at altitudes of twenty five thousand feet or higher and endured temperatures so low that without the forty pounds of protective clothing covering us from head to toe including electrically heated bunny suits we would have frozen to death in a matter of minutes That one simple question convinced me that it was time that my family learned what I had done and the price my friends and I had paid during our war against fascism and tyranny a topic that I had never really spoken about before
