Aziz Nasafi:

Aziz Nasafi Lloyd Ridgeon,2020-11-25 Shows Nasafi and his legacy in a new light Nasafi s works are of particular interest because they contain valuable descriptions of the different Islamic world views of the age Includes substantial extracts to help illuminate this perceptive study of a neglected figure in the pantheon of Sufi thinkers *Persian Metaphysics and Mysticism* Lloyd Ridgeon,2013-10-08 One of the foremost 13th century Persian mystics Aziz Nasaffi with his simple manner of explaining God His Essence Attributes and Acts provides the western reader with an overview of all the major interpretations of medieval Islamic thought Providing the first comprehensive selection in English of Nasaffi s treatises Dr Ridgeon s work offers the western student of Islam a much needed guide to the speculative and practical dimensions of Sufism **Holy People of the World** Phyllis G. Jestice,2004-12-15 A cross cultural encyclopedia of the most significant holy people in history examining why people in a wide range of religious traditions throughout the world have been regarded as divinely inspired The first reference on the subject to span all the world s major religions Holy People of the World A Cross Cultural Encyclopedia examines the impact of individuals who through personal charisma and inspirational deeds served both as glorious examples of human potential and as envoys for the divine Holy People of the World contains nearly 1 100 biographical sketches of venerated men and women Written by religious studies experts and historians each article focuses on the basic question How did this person come to be regarded as holy In addition the encyclopedia features 20 survey articles on views of holy people in the major religious traditions such as Islam Buddhism and African religions as well as 64 comparative articles on aspects of holiness and veneration across cultures such as awakening and conversion experiences heredity gender asceticism and persecution Whether exploring by religion culture or historic period this extensively cross referenced resource offers a wealth of insights into one of the most revealing and least explored common denominators of spiritual traditions **Contextualization of Sufi Spirituality in Seventeenth- and Eighteenth-Century China** David Lee,2016-07-28 Liu Zhi c 1662 c 1730 a well known Muslim scholar in China published in Chinese outstanding theological works short treatises and easy to memorize short poems on Islam He encountered various challenges in his interpretation and transmission of Islamic texts First traditional Arabic and Persian Islamic texts used Arabic and Persian concepts to explain Islam This book answers the question did Liu Zhi communicate difficult Islamic concepts Second Islam has insisted on monotheism This book discusses whether and how Liu Zhi integrated the basic religious living of the Hui Muslims into their pluralistic Chinese culture Finally Muslims have settled over hundreds of years in various parts of China Were Liu Zhi s works able to make a substantial difference in the life and thoughts of Hui Muslims in China Liu Zhi s success was due to his method of contextualization integrating the Muslim way of life into Chinese culture This book is an in depth study of Liu Zhi s contextualization of Islam into Chinese culture that argues that his contextualization has not deviated from the basic tenets of Islamic belief **Awhad al-Din Kirmānī and the Controversy of the Sufi Gaze** Lloyd Ridgeon,2017-11-22 Aw ad al D

n Kirm n d 1238 was one of the greatest and most colourful Persian Sufis of the medieval period he was celebrated in his own lifetime by a large number of like minded followers and other Sufi masters And yet his form of Sufism was the subject of much discussion within the Islamic world as it elicited responses ranging from praise and commendation to reproach and contempt for his Sufi practices within a generation of his death This book assesses the few comments written about Kirm n by his contemporaries and also provides a translation from his Persian hagiography which was written in the generation after his death The controversy centres on Kirm n s penchant for gazing at and dancing with beautiful young boys This anonymous hagiography presents a series of anecdotes that portray Kirm n s virtues The book provides an investigation into Kirm n the individual but the story has significance that extends much further The controversy of his form of Sufism occurred at a crucial time in the evolution of Sufi piety and theology The research herein situates Kirm n within this critical period and assesses the various perspectives taken by his contemporaries and near contemporaries Such views reveal much about the dynamics and developments of Sufism during the thirteenth and fourteenth centuries when the Sufi orders ur q s ar qa began to emerge and which gave individual Sufis a much more structured and ordered method of engaging in piety and of presenting the Sufi tradition to society at large As the first attempt in a Western language to appreciate the significant contribution that Kirm n made to the medieval Persian Sufi tradition this book will appeal to students and scholars of Sufi Studies as well as those interested in Middle Eastern History
