in Classics Stephen Usher**

## **Ancient Moon:**

*Gods, Goddesses, and Saints* Barbara Carroll, 2015-12-15 Chanting exists in many religious and spiritual traditions The practice of chant focuses the mind and body with simple physics of sound while the choice of chant can reflect a specific need or honor a tradition Gods Goddesses and Saints is a user friendly in depth guide to a solitary practice of chant and meditation providing chants from many faiths from pagan deities to saints from many religions Beautifully organized in many different ways this book encourages you to explore the resonance of important figures and their associations and meanings across many traditions You will also find blank forms to help you create your own chants and meditations Gods Goddesses and Saints provides a fresh view of spiritual practice and new ideas for the future of faith The Ancient City John Martin Woolsey, 1911 **The Spiritual Hierarchies and the Physical World** Rudolf Steiner, 2008-08 10 lectures in D sseldorf April 12 18 1909 participants notes from Q the nine choirs of angels elemental beings and nature spirits and the elements of fire earth air and water The Spiritual Hierarchies and the Physical World Zodiac Planets Cosmos is a translation from German of Geistige Hierarchien und ihre Widerspiegelung in der physischen Welt Tierkreis Planeten Kosmos GA 110 The Spiritual Hierarchies and the Physical World Reality and Illusion 1996 contained a previous edition of this lecture course The Reappearance of Christ in the Etheric Rudolf Steiner, Former Senior Lecturer in Classics Stephen Usher, 2003-08 The first chapter of the Acts of the Apostles describes Christ s Ascension And a cloud received him out of their sight As the disciples looked up two angels appeared and told them This same Jesus taken up from you into heaven shall come again in the same way as you have seen him go In 1910 Rudolf Steiner began a series of lectures announcing the advent of Christ s appearance in the sphere of the earth s etheric or life body At first he said only a few will be aware of it but in time more and more people regardless of religious affiliation will be strengthened comforted and infused by the Christ s living presence Such Damascus experiences bespeaking a new natural clairvoyance Steiner argues will become increasingly common The Christ will become a living comforter he writes However strange it may seem it is nevertheless true that often when people even in considerable numbers are sitting together not knowing what to do and waiting they will see the etheric Christ He will be there will confer with them and will cast his word in such gatherings We are now approaching these times This collection contains Steiner s lectures on this theme as well as on important related questions such spiritual science and etheric vision the etheric vision of the future the etherization of the blood the Sermon on the Mount and the land of Shambhala the mysteries of comets and the Moon Buddhism and Pauline Christianity spirit beings and the ground of the world and the three realms between death and rebirth The Reappearance of Christ in the Etheric collects much of Rudolf Steiner s most important discussions of esoteric Christianity especially as it relates to the central place of the Christ being in world and human evolution **Genesis** Rudolf Steiner, 2013-09-10 How was the world created Battle lines are currently drawn between two dogmatic camps the fundamentalist Creationists who believe that creation took place in six days and the

scientific reductionists who expound theories of big bangs and so on From a direct spiritual perception of the facts Rudolf Steiner presents a new perspective which transcends these bipolar arguments He affirms that clairvoyant research accords with the biblical descriptions but he emphasizes that the text of Genesis has to be interpreted in a special way In this extraordinary document Steiner speaks of the six days of creation as a reawakening of the previous phases of the Earth s development He describes the work of mighty spiritual entities called the Elohim and how they co operated with other spiritual hierarchies in the creation of Earth He also clarifies the relationship of the Elohim and the biblical Jehovah In addition Steiner discusses themes of light and darkness the meaning of Adam and Eve the day of rest on the seventh day the stages of human development on Earth and the special character of the Hebrew language Also featured in this new edition is a previously unpublished introductory lecture on the meaning of mystery drama

Albert Kocourek, John Henry Wigmore, 1915     *The Language of the Stars* Hermann Beckh, Rudolf Frieling, 2020-11-16

Astrology is a concern of the Christ and the work of Michael Hermann Beckh During the brief window between the two World Wars the Rev Prof Hermann Beckh led research at The Christian Community Seminary in Stuttgart In those precious years he published on music the gospels and the ancient Mysteries By 1930 in his Contributions to the Priests Newsletter he had produced the most far reaching account of the cosmic order ever written The typescript of this great work was destined to gather dust in the Berlin Archiv however until it was discovered in recent years Published here for the first time it is the crowning masterpiece to Beckh s Collected Works The translated and annotated text is accompanied by Rudolf Frieling s in depth application of Beckh s principles of the cosmic starry order to the Creed of The Christian Community and by a number of appreciations and relevant book reviews Through ever deepening meditation guided by Rudolf Steiner and his vast knowledge of Tibetan Sanskrit Pali and Avestan sacred texts scarcely to be equalled in Europe at the time Beckh came to the first hand realization that human and cosmic life was ordered He perceived directly that this cosmic order was good as originating from the World Will true as from World Thinking and beautiful as from World Feeling All three could be personally experienced in disciplined consciousness that could enter dream sleep and pre natal life This then was Beckh s method and inspiration as shown in this extraordinary work The time will come when Beckh s Christened star knowledge which signifies a basic overturning of today s decadent astrology will be appreciated for its significance August Pauli     *The Story of the Moon* Garrett Putman Serviss, 1928     [The Anthroposophical Soul Calendar and the Incarnation Cycle of Man](#)

Roland Schrapp, 2020-12-09 This book takes a completely new look at the Anthroposophical Soul Calendar It is about the deeper meaning of the fifty two weekly verses which has remained essentially unexplored in the last hundred years since the first edition by Rudolf Steiner A dense veil of Isis was spread over them of which is well known that no mortal person can lift it Only the immortal psycho spiritual human being who knows himself at home in the extrasensory higher worlds is capable of doing this Only to him the weekly verses reveal themselves as a travel guide through these worlds and lift him up to ever

higher spiritual cosmic realms until he reaches the experience of God from where he gradually descends again into a new life on Earth enriched in spirit and fertilized in his soul If the reader embarks on this journey the spiritual archetype of the Soul Calendar is ultimately unveiled to him and he achieves an extended understanding of Man and Christ By many quotations from Rudolf Steiner's lectures and books the author virtually lets Steiner himself elucidate the breathtaking depths of his mysterious weekly verses
