I savored the view of her naked beauty for a moment. I walked up behind her and kissed her between the shoulder blades without kissing her anywhere else. She yelped with surprise. Then I saw her shiver from head to toe, and a relief of tiny dots covered her skin. She laid her head back. Otherwise, she didn't move. More she whispered. Books Out Loud, 2007. *Transnational Convergence of East Asian Pop Culture* Seok-Kyeong Hong, Dal Yong Jin, 2021-03-08. This book observes and analyzes transnational interactions of East Asian pop culture and current cultural practices, comparing them to the production and consumption of Western popular culture and providing a theoretical discussion regarding the specific paradigm of East Asian pop culture. Drawing on innovative theoretical perspectives and grounded empirical research, an international team of authors considers the history of transnational flows within pop culture and then systematically addresses pop culture, digital technologies, and the media industry. Chapters cover the Hallyu or Korean Wave phenomenon, as well as Japanese and Chinese cultural industries. Throughout the book, the authors address the convergence of the once-separated practical, industrial, and business aspects of popular culture under the influence of digital culture. They further coherently synthesize a vast collection of research to examine the specific realities and practices of consumers that exist beyond regional boundaries, shared cultural identities, and historical constructs. This book will be of interest to academic researchers, undergraduates, and graduate students of Asian media, media studies, communication studies, cultural studies, transcultural communication, or sociology. **At One with All Life** Judith Boice, 1990.
