Aids In Europe

Christian Drosten

Aids In Europe:

HIV/AIDS in Europe World Health Organization. Regional Office for Europe, 2006 Tells the story of HIV AIDS in Europe from a broad variety of perspectives bio medical social cultural economic and political The authors are leading experts from across the region and include both the infected and the affected be they doctors or former drug users United Nations employees or gay men public health researchers or community activists They describe how from the first documented cases in 1981 to the present era of antiretroviral management controlling the human immunodeficiency virus in Europe has provided elusive **AIDS in Europe** Peter Aggleton, Jean Paul Moatti, Annick Prieur, Theo Sandfort, Yves Souteyrand, 2002-09-09

Major changes in the nature and dynamics of the AIDS epidemic over the last few years are reflected in changing epidemiological trends as well as in the progress made in biomedical research and treatment AIDS in Europe brings together papers from leading social science researchers to look at the opportunities and challenges these changes bring and the different ways in which they are being responded to in both western and eastern Europe Papers are organised under three headings new challenges for HIV prevention care of people living with HIV AIDS in a new therapeutic context AIDS public policies from specialisation to normalisation AIDS in Europe provides a comprehensive overview of current social and behavioural research on HIV and AIDS for all health professionals Women and HIV Disease Phyllis Pellman Good, 1993-05 Focuses on three crucial interrelated issues associated with HIV disease in women the AIDS case definition and its functions research on disease progression or natural history of HIV in women and access to disability benefits through the Social Security Administration The incidence of AIDS is rising faster among women than any other group yet women with HIV infection are falling through the cracks because their doctors don't recognize that they have HIV disease Graphs
