Goodspeed, In this book the author Weston A Goodspeed and the editor Juergen beck offer a general survey of Cook County history including a condensed history of Chicago and special account of districts outside the city limits from the earliest settlement to the time of the turn of the 20th century There is hardly a book that contains more information and is more complete than this edition with more than 540 pages full of facts and data **Cook's American Traveller's Gazette**, 1905 *Proceedings of the ... Annual Convention* Illinois Bankers Association, 1921 *Chicago* Daniel R. Block, Howard B. Rosing, 2015-09-03 Chicago began as a frontier town on the edge of white settlement and as the product of removal of culturally rich and diverse indigenous populations The town grew into a place of speculation with the planned building of the Illinois and Michigan canal a boomtown and finally a mature city of immigrants from both overseas and elsewhere in the US In this environment cultures mixed first at the taverns around Wolf Point where the forks of the Chicago River join and later at the jazz and other clubs along the Stroll in the black belt and in the storefront ethnic restaurants of today Chicago was the place where the transcontinental railroads from the West and the trunk roads from the East met Many downtown restaurants catered specifically to passengers transferring from train to train between one of the five major downtown railroad stations This also led to destination restaurants where Hollywood stars and their onlookers would dine during overnight layovers between trains At the same time Chicago became the candy capital of the US and a leading city for national conventions catering to the many participants looking for a great steak and atmosphere Beyond hosting conventions and commerce Chicagoans also simply needed to eat safely and relatively cheaply Chicago grew amazingly fast becoming the second largest city in the US in 1890 Chicago itself and its immediate surrounding area was also the site of agriculture both producing food for the city and for shipment elsewhere Within the city industrial food manufacturers prospered highlighted by the meat processors at the

Chicago stockyards but also including candy makers such as Brach's and Curtiss and companies such as Kraft Foods. At the same time large markets for local consumption emerged. The food biography of Chicago is a story of not just culture, economics and innovation but also a history of regulation and regulators as they protected Chicago's food supply and built Chicago into a city where people not only come to eat but where locals rely on the availability of safe food and water. With vivid details and stories of local restaurants and food blocks and rosings reveal Chicago to be one of the foremost eating destinations in the country.

[The Book of Latin American Cooking](#)

Elisabeth Lam Ortiz, 2012-09-05

Never before has there been a cookbook that encompasses the whole world of Latin American cooking. Elisabeth Ortiz is the first to introduce to Americans the entire range of this splendid cuisine, selecting out the vast territory that stretches from Mexico to Chile, the most exciting foods of each region. She gives us a full complement of dishes from hors d'oeuvres to desserts, a feast of master recipes with hundreds of subtle variations that reflect the different cooking styles of South America's rich coastal areas, high mountainous regions and boundless fertile plains. Among the enticing appetizers are whims and fancies: the tiny filled tortillas from Mexico, from Colombia, crisp green plantain chips from Ecuador, fresh bass seviche from Guatemala, oyster seviche from Chile and Argentina, hot flaky turnovers, patties and little pies, each succulently stuffed. For a fish course: red snapper in tangerine sauce from Brazil, escabeche oil and vinegar dressed fish from Peru, shad fillets in coconut milk from Colombia or salt cod in chili and almond sauce from Mexico. Among the meats and poultry from Argentina: veal stew bakes in a huge squash from Peru, fresh ham with ground annatto and cumin, as well as roast lamb and kid in creamed garlic and mint from Mexico, veal in pumpkin seed sauce from Brazil, the exuberant national dish feijoada with its several meats from hocks to pig's tails, black beans and manioc meal, pickled chicken from Chile, drunken chicken from Argentina, and the moles, poultry sauced in chilies and chocolate that are the glory of Mexican kitchens. There's a fresh new array of vegetables, dished to brighten the table: peppers, tubers, greens, blossoms and beans. And salads of hearts of palms, Jerusalem artichokes, cactus, it comes in cans, and rooster's beak, or familiarly, jicama. With her keen palate and wide knowledge of Latin American cookery, Mrs. Ortiz adds to the savor of the recipes by tracing the culinary strains that make up the exciting amalgam of flavors: Spanish, Portuguese, African, with hints of Middle Eastern influences, as they mingle with the indigenous cooking of Maya, Aztec and Inca civilizations. For more than twenty years she has been unraveling the mysteries of the exotic culinary tradition, making fascinating new discoveries as she explored all parts of South America, visiting marketplaces, talking to local cooks and sampling the specialties of different regions. Here then is the harvest of that search, the food itself, uncomplicated to prepare, tantalizing in its variety of flavors, fun to serve and infinitely satisfying to savor, a whole new repertory of colorful dishes that will awaken even the most knowledgeable cooks to new delights.
