Cooperation Or Conflict? David J. Galbreath, Carmen Gebhard, 2010 This combination of institutional and policy analysis provides a unique insight into the interactions between the EU NATO OSCE and the Council of Europe The book identifies areas of cooperation and areas of conflict and asks whether these organizations still offer a useful service to regional stability It is an original and stimulating resource for scholars and practitioners interested in the shifting international architecture of Europe

Multiple Connections in European Cooperation Kiran Klaus Patel, Wolfram Kaiser, 2020-05 International organizations are ubiquitous in contemporary Europe and the wider world This book is the first systematic assessment of the interactions of the European Communities EC with other Western organizations like NATO the OECD and the Council of Europe for the period from the late 1960s to the early 1990s Based on fresh archival research its various contributions explore forms of co operation and competition between these forums and thus seek to provincialize and de centre the role of the predecessors of today s European Union Drawing on examples from a diverse set of policy fields including human rights the environment security culture and regional policy the book argues that inter organizational dynamics are crucial to understand why the EC became increasingly hegemonic among the organizations active in governing Europe In other words the EU would not be what it is were it not for the dynamics analyzed in this book This book was originally published as a special issue of the *European Review of History*

Supranational Governance of Europe's Area of Freedom, Security and Justice Christian Kaunert, John Occhipinti, Sarah Leonard, 2016-03-17 This book examines the evolution towards increased supranational governance in the EU s Area of Freedom Security and Justice AFSJ At the end of 2009 a successor programme to the Tampere and Hague Programmes was developed under the Swedish Presidency Called the Stockholm Programme it was adopted at a special EU Council Summit on 10 11 December 2009 The new agenda covers the period 2010 2014 and emphasises six areas of priority In the context of these priorities as well as the innovations introduced by the Lisbon Treaty this edited book analyses policy change in the AFSJ especially as it has been affected by the rise of supranational governance in this domain From police cooperation and crime fighting to border management and counter terrorism much has changed and the EU has taken yet another step forward in the direction of supranational governance However the various contributions also highlight that there are still problems and challenges remaining for the AFSJ Collectively this book considers how consequential the Lisbon Treaty has been for the AFSJ as well as how successful the EU has been in achieving its stated goals as expressed in the Stockholm Programme Thus this book makes a significant contribution to the scholarly investigation of the AFSJ but also to the study of

European integration in general This book was published as a special issue of the Cambridge Review of International Affairs

Cooperation and Conflict between Europe and Russia Magdalena Dembińska, Frederic Mérand, 2021-08-26 When thinking about relations between Europe and Russia International Relations scholars focus on why conflict has replaced cooperation The geostrategic debate excludes the possible coexistence of cooperation and conflict Tracking the evolution of conflict and cooperation patterns in three zones of contact Estonia Kaliningrad and Moldova between 1991 and 2016 this edited volume argues that although the standard narrative remains compelling local patterns of cooperation and conflict are partly autonomous from the geostrategic level To account for the coexistence of cooperation and conflict the first chapter elaborates a theoretical proposition distinguishing fluid rigid and disputed symbolic boundaries which have different impacts on the ground The subsequent chapters address distinct dimensions of Euro Russian relations paying attention to local reality in Estonia Moldova Ukraine or Kaliningrad different sectors from energy to peoples movement and across institutional contexts such as the EU and NATO They confirm that the standard narrative holds in most cases but also that Euro Russian relations vary in crucial ways according to the interests and representations of actors immersed in specific geopolitical fields Despite a deterioration of geostrategic relations between Europe and Russia since the end of the Soviet Union **Cooperation and Conflict between Europe and Russia** explores the intriguing coexistence of conflict and cooperation at the local level and across sectors and institutions The chapters in this book were originally published as a special issue of the journal *East European Politics* *European Political Cooperation* David Allen, Reinhardt Rummel, Wolfgang Wessels, 2013-10-22 *European Political Cooperation Towards a Foreign Policy for Western Europe* presents the conclusions of a study group on European Political Cooperation EPC This book discusses the EPC and management of foreign policy Luxembourg and Copenhagen reports and coordination in the European council and council of ministers The national inputs into EPC EPC structures in the nine national capitals problems of East West relations and political cooperation and Euro Arab dialogue are also deliberated This text likewise covers the Portuguese revolution and its aftermath special relations with outside states possible adaptations of the EPC s structure and division of labor between the EEC and EPC This publication is suitable for students and researchers intending to acquire knowledge of the foreign policies for Western Europe **Implementation of the Final Act of the Conference on Security and Cooperation in Europe** United States.
