Conversations With Children:

The Power of Parent-Child Conversations Jeff Zwiers, 2021-06-15 This book focuses on how parents and other caregivers can have richer and more fruitful conversations with their children Parents will be able to use the ideas in this book to improve conversations with their children in ways that help them a more effectively learn in school b develop stronger and more lasting relationships in and out of school and c increase their critical thinking and problem solving abilities Some children are more prepared for school than others Much of this preparation comes from the types of conversations that children have and listen to at home Many children need more practice in developing and using key conversation skills that are expected in school and life They need more practice co constructing ideas with other people face to face and they need more practice engaging in respectful collaboration and argumentation This book helps parents to provide such practice

10 Conversations You Need to Have with Your Children Shmuley Boteach, 2009-10-13 Why do I have to repeat everything Why does every conversation end in an argument Communicating with our children Conversing Connecting When did it become so difficult And how do we begin to change it for the better This book was designed to help parents answer these important questions and it is based on two fundamental ideas The first is that there are no bad children and no deliberately bad parents but that sometimes despite the best of intentions on both sides there can be bad relationships between parents and children The second is that as parents we must do everything we can to save those relationships to reach out and really communicate with our children because it is only through talking to them that we can create an environment for inspiration and change In this compelling book Shmuley Boteach passionate social commentator and outspoken relationship guru walks you through the critical conversations including cherishing childhood developing intellectual curiosity knowing who you are and what you want to become learning to forgive realizing the importance of family and tradition being fearless and courageous As a father of eight Rabbi Shmuley speaks from a wealth of experience He has written a book for parents of children of all ages from toddlers who are just beginning to become aware of the world around them to adolescents who must learn to navigate all sorts of tricky social and academic pressures 10 Conversations will help you stay connected to your children so that they develop the kind of strong moral character that leads to rich meaningful lives *Creating Compassionate Kids* Shauna Tominey, 2019-01-08 Selected as a Favorite Book for Parents in 2019 by Greater Good Young children can surprise us with tough questions Tominey s essential guide teaches us how to answer them and foster compassion along the way If you had to choose one word to describe the world you want children to grow up in what would it be Safe Understanding Resilient Compassionate As parents and caregivers of young children we know what we want for our children but not always how to get there Many children today are stressed by academic demands anxious about relationships at school confused by messages they hear in the media and overwhelmed by challenges at home Young children look to the adults in their lives for everything Sometimes we re prepared sometimes we re not In this book Shauna Tominey guides

parents and caregivers through how to have conversations with young children about a range of topics from what makes us who we are e g race gender to tackling challenges e g peer pressure divorce stress to showing compassion e g making friends recognizing privilege being a helper Talking through these topics in an age appropriate manner rather than telling children they are too young to understand helps children recognize how they feel and how they fit in with the world around them This book provides sample conversations discussion prompts storybook recommendations and family activities Dr Tominey s research based strategies and practical advice creates dialogues that teach self esteem resilience and empathy the building blocks for a more compassionate world
