looking for easy passive income look no further than creating local lead generation websites Most local business owners struggle to generate leads online The reality is it s not the best businesses that make the most money it s the businesses that are first on Google It s because most people simply don t understand Google Google is a mathematical algorithm that compiles billions of webpages and sorts them based on their content quality and relevancy What most people don t realise is that you can manipulate Google to give your business and other people s businesses the results you desire Have you ever tried selling SEO services to local business owners If you don t have results they re sceptical Even if you do have results they re sceptical Weird A better way to get through to these business owners so they treat you with respect is start getting them leads on your own All you need to do is set up a website make it seem like a local business rank it first on Google and bam leads In this book I go through the 10 steps needed to rank websites first on Google Maybe you re a business owner looking to generate more residual free local leads for your business You re likely frustrated at not being able to generate consistent leads You re sick of people calling you saying they can help you and charging thousands And then you hire them only to get no results If you don t understand something it s advised to learn it before you hire someone to do it for you There s nothing better than residual income and residual leads No more posting on Gumtree Craigslist no more posting in Facebook groups no more asking your friends and family All you need to do is follow the simple steps and you ll be creating passive leads in no time If you create more than 1 website like I m showing you how to do you may even create more leads than you can handle and create passive income for yourself You can t taste true freedom in life until your passive income exceeds your living expenses Why should you listen to me My name is Matthew Gumke and I m 24 years old I ve been financially free 3 times in my life and the first 2 times I ve been wiped out I ve tried everything Everything SEO on Google is the only thing I can rely on every single month for passive income without worrying about losing the income stream If you do it properly you ll never get penalised by Google The odds of a competitor outranking you are also extremely unlikely Most people simply don t care enough about their success to be the best One of the original SEO pioneers Joshua Earp told me success is doing what the failures refuse to do This is what I remember every day when I m striving to become better in my business If I work harder than people with a bad mindset it doesn t matter how many mistakes I make because I ll be able to win in the end from sheer persistence That s why I ve been able to become successful despite being buried in over 10 000 of debt I ve used the exact method from this book to create local lead generation websites enriching myself and other business owners I ve also used Google to rank Amazon products and taught thousands of students to do it My business partner Ekim Kaya and I have taught SEO to thousands of his students in Turkey helping thousands become financially free We were featured in many major newspapers for this such as ABC CNN NBC and Fox If I can learn it and do it you can too I dropped out of high school at 16 and was told I d never be able to become successful Since then I ve become the master of ranking links on Google and teaching others to do the same I ve created many books on the subject and also online training programs I m able to boil

down the complexities of SEO and make it extremely simple Albert Einstein said If you can't explain it simply you don't know it well enough Let's get learning No time to waste
