Branching Out: Botanical Metaphors and Worlding Art History from the 'Tropics' Miriam Oesterreich, 2025-05-13

This chapbook examines the aestheticization of plants in colonial discourses and charts visualizations of art histories that use the tree as a metaphor. In doing so, Miriam Oesterreich considers how tropicalized tree forms have been reappropriated to portray a more worlded art history. In the mid-twentieth century, prominent visual artists including Miguel Covarrubias, Alfred Barr, and Ad Reinhardt featured trees of art as canonizing illustrations of Western art history. Using Pablo Le n de la Barra's poster *Diagrama Tropical Nova Cartografia Tropical 2010* as a starting point, *Branching Out* discusses works by contemporary artists from Latin America and the Caribbean to look at the subversive potential in reimagining plant images and metaphors.

Mental Health and Wellbeing in Rural Regions Sarah-Anne Munoz, Steve F. Bain, 2020-08-31 This book considers how rurality interacts with the mental health and wellbeing of individuals and communities in different regional settings. Through the use of international and comparative case studies, the book offers insight into the spatiality of mental health, diagnoses, experiences, services provision, and services access between and within rural areas. It is the first book to specifically address rural mental health geographies from an international perspective and will be of interest to researchers and policymakers in rural studies, regional studies, health geography, and rural mental health.

Women and the Codification of the Amazigh Language Fatima Sadiqi, 2024-08-22 Often associated with the rural, the exotic, or the folkloric, Amazigh women's ancestral art of weaving has not received much attention in Amazigh Studies. Drawing on primary sources, manuscripts, and printed texts in libraries and archives, this book sheds new light on Amazigh women's weaving practices, arguing that it was the ancestral rug designs that inspired the Amazigh alphabet, Tifinagh. In doing so, the author reveals the active role women played in the process of codifying the Amazigh language. This book is of interest to scholars in Amazigh studies, women's history, anthropology, and linguistics.
