Die Feier Der Protestation:

Die Gedächtniskirche der Protestation von 1529 zu Speyer, ein Dankesdenkmal der gesamten evangelischen Welt Karl Ludwig Gumbel,1904 The Possibilities of Theology John Webster,2006-08-30 These essays by leading British and North American theologians are a tribute to Eberhard Jungel and an interpretation and evaluation of his work Each essay analyzes a central theme showing the importance and impact of Jungel s thought in constructive contemporary theology **Schism, Heresy and Religious Protest** Ecclesiastical History Society,1972-08-03 The thirty papers which comprise this volume are selected from those delivered at the summer and winter conferences of the Ecclesiastical History Society in 1971 and 1972 The volume opens with three important wide ranging surveys of the nature and types of religious orthodoxy and dissent in the early Christian centuries A further group of papers considers the emergence and treatment of earlier medieval heresies while a number of contributions concerned with Lollardy have their focus in M J Wilks examination of relations between Wyclif and Hus For developments in more modern times K T Ware supplies a wider perspective to a rich and varied series of papers on more familiar matters in British Continental and American history In this volume considerable attention is paid to the relationship of movements of protest and dissent to their social intellectual cultural and political backgrounds in this many of the authors reflect the interest in religious sociology which characterises much contemporary Continental work in the field of ecclesiastical history Der Katechismus für die evang.-protest.
