The Complete Field Guide to Dragonflies of Australia Albert Orr, Günther Theischinger, John Hawking, 2021-03-01

Dragonflies and damselflies are conspicuous insects many are large and brightly coloured They are also valuable indicators of environmental wellbeing A detailed knowledge of the dragonfly fauna is therefore an important basis for decisions about environmental protection and management This comprehensive guide to the Australian dragonfly fauna covers eight families of dragonflies and 10 families of damselflies comprising the 113 genera and 333 species found in Australia It has been updated with newly identified species and revised family names to reflect new world consensus systematics Stunning full colour images and distribution maps are accompanied by identification keys for adults as well as larvae which are often used as bait for freshwater fish This second edition of The Complete Field Guide to Dragonflies of Australia also includes illustrations by Albert Orr one of the most renowned dragonfly illustrators The extraordinary diversity of dragonflies will interest entomologists and amateur naturalists alike

**Australian Dictionary of Biography, Volume 19** Melanie Nolan, 2021-03-09 Volume 19 of the Australian Dictionary of Biography ADB contains concise biographies of individuals who died between 1991 and 1995 The first of two volumes for the 1990s it presents a colourful montage of late twentieth century Australian life containing the biographies of significant and representative Australians The volume is still in the shadow of World War II with servicemen and women who enlisted young appearing but these influences are dimming and there are now increasing numbers of non white non male non privileged and non straight subjects The 680 individuals recorded in volume 19 of the ADB include Wiradjuri midwife and Ngunnawal Elder Violet Bulger Aboriginal rights activist poet playwright and artist Kevin Gilbert and Torres Strait Islander community leader and land rights campaigner Eddie Mabo HIV AIDS child activists Tony Lovegrove and Eve Van Grafhorst have entries as does conductor Stuart Challender the first Australian celebrity to go public about his HIV AIDS condition in 1991 The arts are as always well represented including writers Frank Hardy Mary Durack and Nene Gare actors Frank Thring and Leonard Teale and arts patron Ian Potter We are beginning to see the effects of the steep rise in postwar immigration flow through to the ADB Artist Joseph Stanislaw Ostojka Kotkowski was born in Poland Pilar Moreno de Otaegui co founded the Spanish Club of Sydney Chinese restaurateur and community leader Ming Poon Dick Low migrated to Victoria in 1953 Often we have a dearth of information about the domestic lives of our subjects politician Olive Zakharov however bravely disclosed at the Victorian launch of the federal government s campaign to Stop Violence Against Women in 1993 that she was a survivor of domestic violence in her second marriage Take a dip into the many fascinating lives of the Australian Dictionary of Biography *Strangers Next Door?* Tim Lindsey, Dave McRae, 2018-02-22 There are no two neighbouring countries anywhere in the world that are more different than Indonesia and Australia They differ hugely in religion language culture history geography race economics worldview and population Indonesia 270 million Australia less than 10 per cent of that In fact Indonesia and Australia have almost nothing in common

other than the accident of geographic proximity This makes their relationship turbulent volatile and often unpredictable Strangers Next Door brings together insiders and leading observers to critically assess the state of Australia Indonesia relations and their future prospects offering insights into why the relationship is so important for Australia why it is so often in crisis and what this means for the future This book will be of interest to anyone concerned with the Indo Pacific region Southeast Asia Australia and Indonesia and each country s politics economy and foreign policy It contains chapters that will interest specialists but are written in a style accessible to a general audience The book spans a diverse range of subjects including political relations and diplomacy security and defence the economy and trade Islam education development the arts legal cooperation the media women and community ties Contributors assess the current state of relations in their sphere of expertise and outline the factors and policies that could shape bilateral ties and Indonesia s future over the coming decades University of Melbourne scholars Tim Lindsey and Dave McRae both prominent observers and commentators on Indonesia and its relations with Australia edited the volume providing a synthesising overview as well as their own thematic chapters

**Insect Diversity, Declines and Conservation in Australia** Tim R. New, 2022-03-02 Problems of insect enumeration and assessment of needs are addressed in the contexts of rapid and substantial losses and changes to all key Australian terrestrial and freshwater environments and promoting awareness of the importance of insects Further definition of the insect fauna and its peculiarities can aid threat alleviation and practical management to protect and conserve this unique and largely endemic biodiversity Written for the many environmental managers and naturalists who are not primarily entomologists the ten chapters expand from considerations of insect decline and diversity to the unique features of the Australian fauna and its characterisation Cases and examples from throughout the world illustrate the major needs approaches and priorities to sustaining a poorly known diverse and ecologically varied insect heritage of global significance
