

# Characteristics of Authoritarian States

- What **characteristics** do authoritarian states have? What makes them different to democracies today?
- Little or no freedom of speech
- No freedom of assembly
- No freedom of movement
- No freedom of travel abroad
- No independent judicial system
- All sources of information are censored
- Any opposition is harshly punished
- A leader whose popularity is reinforced by a personality cult

# Authoritarian State

**Thomas M. Leonard**

## **Authoritarian State:**

**The New Authoritarianism in Latin America** David Collier, Fernando Henrique Cardoso, Joint Committee on Latin American Studies, 1979 While one of the most important attempts to explain the rise of authoritarian regimes and their relationship to problems of economic development has been the bureaucratic authoritarian model there has been growing dissatisfaction with various elements of this model In light of this dissatisfaction a group of leading economists political scientists and sociologists was brought together to assess the adequacy of the model and suggest directions for its reformulation This volume is the product of their discussions over a period of three years and represents an important advance in the critique and refinement of ideas about political development Part One provides an overview of the issues of social science analysis raised by the recent emergence of authoritarianism in Latin America and contains chapters by David Collier and Fernando Henrique Cardoso The chapters in Part Two address the problem of explaining the rise of bureaucratic authoritarianism and are written by Albert Hirschman Jose Serra Robert Kaufman and Julio Coder In Part Three Guillermo O'Donnell James Kurth and David Collier discuss the likely future patterns of change in bureaucratic authoritarianism opportunities for extending the analysis to Europe and priorities for future research The book includes a glossary and an extensive bibliography

*Corporate (Social) Responsibility under Authoritarianism* Xu Kang, 2025-11-07 This book provides an in depth exploration of corporate social responsibility CSR in the authoritarian context It challenges prevailing CSR frameworks which largely derive from liberal democratic contexts and overlook how political institutions shape the conceptualisation and practice of corporate responsibility By situating CSR within China's political economic system the book sheds light on how CSR is dynamically interpreted strategically communicated and selectively implemented by corporate and state actors Drawing on a mixed method research design the study analyses both qualitative and quantitative evidence The analysis integrates policy documents regulatory frameworks CSR and sustainability reports from Chinese corporations and in depth qualitative interviews with corporate managers NGO leaders and experts The findings highlight how CSR in China emerges through the normative interplay between market logics and power politics involving various actors including enterprises state entities and NGOs The book also presents a critical account of how Chinese companies strategically adapt CSR discourses to align with governmental priorities while navigating complex stakeholder relationships A book of vital interest to researchers in business ethics international business and Asian studies it will also appeal to practitioners and policymakers seeking to enhance strategies and policies for responsible business conduct

Transitions from Authoritarian Rule Guillermo O'Donnell, Philippe C. Schmitter, Laurence Whitehead, 1986-10 An array of internationally noted scholars examines the process of democratization in Southern Europe and Latin America The authors provide new interpretations of both current and historical efforts of nations to end periods of authoritarian rule and to initiate transition to democracy efforts that have met with widely varying degrees of success and failure Extensive case studies of individual countries a

comparative overview and a synthesis conclusions offer important insights for political scientists students and all concerned with the prospects for democracy In Volume 3 despite the unique contexts of transitions in individual countries significant points of comparison emerge such as the influence of foreign nations and the role of agents outside the government These analyses explore both intra and interregional similarities and differences

*Neoliberal Democratization and New Authoritarianism* Dennis C. Canterbury, 2019-06-04 Originally published in 2005 Domestic and foreign economic and political policies in the rich capitalist nations in the North and in the poor countries in the South are geared towards globalization and democratization Indeed the dominant view held by countries in the North is that globalization leads to democracy and vice versa and that in turn economic development will result from that process Thus many scarce resources are allocated to bring about globalization and democracy Exploring the dynamics of change that allow for the persistence of authoritarian states in the Third World this illuminating book highlights certain aspects of democratization that have not been investigated fully Anyone interested in development politics and political sociology will draw a plethora of important theoretical insights into globalization authoritarianism and transition democratization from this original study

Encyclopedia of the Developing World Thomas M. Leonard, 2013-10-18 A RUSA 2007 Outstanding Reference Title The Encyclopedia of the Developing World is a comprehensive work on the historical and current status of developing countries Containing more than 750 entries the Encyclopedia encompasses primarily the years since 1945 and defines development broadly addressing not only economics but also civil society and social progress Entries cover the most important theories and measurements of development relate historical events movements and concepts to development both internationally and regionally where applicable examine the contributions of the most important persons and organizations and detail the progress made within geographic regions and by individual countries

**Labor Policy Change in a Developmental Authoritarian State** Yung Chul Lee, 1999

**Authoritarianism and Corporatism in Latin America** James M. Malloy, 1977 Outgrowth of a conference held at the University of Pittsburgh in April 1974 Includes index Bibliography p 529 541

**Court of Appeals State of New York ,**

**The Social Origins of Democratic Collapse** Kathleen Crowley Schwartzman, 1989 Schwartzman s study of the first Portuguese republic demonstrates the significant ways in which a nation s social and political structures are shaped by its position in the global economy

*The Rise of the Authoritarian State in Peripheral Societies* Clive Yolande Thomas, 1984 De auteur geeft een verklaring voor het ontstaan van autoritaire regimes in nieuwe net onafhankelijk geworden staten in het Caribisch gebied en Afrika

**The Political Philosophies Since 1905, Their Origins and Their Tendencies** Benoy Kumar Sarkar, 1928

**The Dark Side of the Left** Richard J. Ellis, 1998 Political correctness idealizing the oppressed and an affinity for authoritarian and charismatic leaders are all parts of what Ellis calls the dark side of the left

The Development of Authoritarian Capitalism Jeong Woo Kil, 1986

Hitler's Police Battalions Edward B. Westermann, 2005 When the German Wehrmacht swarmed across Eastern Europe an elite corps followed close at its heels Along with the SS

and Gestapo the Ordnungspolizei or Uniformed Police played a central role in Nazi genocide that until now has been generally neglected by historians of the war Beginning with the invasion of Poland the Uniformed Police were charged with following the army to curb resistance pacify the countryside patrol Jewish ghettos and generally maintain order in the conquered territories Edward Westermann examines how this force emerged as a primary instrument of annihilation responsible for the murder of hundreds of thousands of the Third Reich s political and racial enemies In Hitler s Police Battalions he reveals how the institutional mindset of these ordinary policemen allowed them to commit atrocities without a second thought To uncover the story of how the German national police were fashioned into a corps of political soldiers Westermann reveals initiatives pursued before the war by Heinrich Himmler and Kurt Daluege to create a culture within the existing police forces that fostered anti Semitism and anti Communism as institutional norms Challenging prevailing interpretations of German culture Westermann draws on extensive archival research including the testimony of former policemen to illuminate this transformation and the callous organizational culture that emerged Purged of dissidents indoctrinated to idolize Hitler and trained in military combat these police battalions often numbering several hundred men repeatedly conducted actions against Jews Slavs gypsies asocials and other groups on their own initiative even when they had the choice not to In addition to documenting these atrocities Westermann examines cooperation between the Ordnungspolizei and the SS and Gestapo and the close relationship between police and Wehrmacht in the conduct of the anti partisan campaign of annihilation Throughout Westermann stresses the importance of ideological indoctrination and organizational initiatives within specific groups It was the organizational culture of the Uniformed Police he maintains and not German culture in general that led these men to commit genocide Hitler s Police Battalions provides the most complete and comprehensive study to date of this neglected branch of Himmler s SS and Police empire and adds a new dimension to our understanding of the Holocaust and the war on the Eastern front **Littell's Living Age** ,1919 [The History of Social Development](#) Franz Carl Müller-Lyer,1921 **The Good Neighbor Policy and Authoritarianism in Paraguay** Michael Grow,1981 **The Psychology of Human Society** C. A. Ellwood,1925 *Ecclesiastical Review ...* Herman Joseph Heuser,1937 **The Political Philosophies Since 1905 ...** Benoy Kumar Sarkar,1928
