

# The Bluffer's Guide to Hydrogen 2023

HydrogenOne Capital LLP was founded by Dr JJ Traynor and Richard Huff, as a specialist investment manager in clean hydrogen.

Our "Bluffer's Guide" is a starter pack for this quite complex and rapidly-growing sector.

When we launched in 2020, we were tracking 20 listed hydrogen companies, 50 or so privates, and about 200MW of green hydrogen on line.

The world has changed... some 40 listed names today, >200 private companies, 800MW of green hydrogen on line, and 13GW in development. The market has invested \$13 billion of fresh capital since 2020 in the theme, with a capital opportunity on the table of at least \$300bn to 2030.
