The body text is...

The body text or body copy is the text forming the main content of a book, magazine, web page, or any other printed or digital work.

Body In The Text

Frances Gulick Jewett

Body In The Text:

Body/Text in Julia Kristeva David Crownfield,1992-09-09 Julia Kristeva works at a crucial intersection of contemporary disciplines psychoanalysis linguistics semiotics literary criticism feminism postmodern philosophy and religious studies This volume examines this rich body of work and the ways in which its interdisciplinary style gives insight into problems in understanding religion Special attention is given to two related themes the understanding of woman in relation to religion and the role of mother especially of mother s body in the formation of self and of a religious discourse Issues recurrent in the essays include the problem of ethics the relation between discourse and the life of the body the formation and sublimation of narcissism the pre Oedipal function of the father the functions of fantasy imagination and art the relation of religion to the negation of woman and the possibility of positive and playful religion The themes of the relation between the symbolic structures of language and a pre symbolic semiotics of the infant body of the split and decentered subject and of the opposition between desire and Jouissance ecstatic enjoyment participate in organizing the discussion Abjection and sacrifice in religion the dynamics of Christian love and faith the relation between the doctrine of the Virgin Mary and the experience of motherhood and the question of feminism and its sometimes quasi religious forms are also thematic

Decapitation and Disgorgement. The Female Body's Text in Early Modern English Drama and Poetry Melanie A Hanson,2012-02-13 This book brings the ideas of French feminist H l ne Cixous to bear on a number of Early Modern English texts The female characters of Mariam from Elizabeth Cary s *The Tragedy of Mariam* Lavinia from William Shakespeare s *Titus Andronicus* as well as John Milton s Eve in *Paradise Lost* and the poetic voice of Isabella Whitney are investigated through the application of Cixous s theories of figurative decapitation and disgorgement The author examines the creation of a unique discourse through the blending of what is stereotypically referred to as female text with male discourse which results in what Cixous would call bisexual discourse
