*The Internet, Organizational Change and Labor* David C. D. Jacobs, Joel Yudken, 2003-07-31 Examining what is happening to work organizations and unions in the age of the Internet this fascinating

book reveals both the opportunities and dangers for workers in the digital age [The Crosswinds of Freedom, 1932-1988](#)

James MacGregor Burns, 2012-04-10 A Pulitzer Prize winner's immensely readable history of the United States from FDR's election to the final days of the Cold War. Publishers Weekly: The Crosswinds of Freedom is an articulate and incisive examination of the United States during its rise to become the world's sole superpower. Here is a young democracy transformed by the Great Depression, the Second World War, the Cold War, the rapid pace of technological change, and the distinct visions of nine presidents. Spanning fifty-six years and touching on many corners of the nation's complex cultural tapestry, Burns's work is a remarkable look at the forces that gave rise to the American Century. **The Evolution of**

**Industrial Systems** Timothy Leggatt, 2018-10-31 This book, first published in 1985, tackles simultaneously three major questions about the course of industrial evolution: what are the features of the industrial systems that have developed outside Western capitalism? What are the salient evolutionary developments now occurring in all advanced capitalist systems? What light can social theory throw upon the evolution of industrial systems thus far and in the future? In answering these questions, the author provides an exposition of how the Soviet system works and how the Japanese system developed, a critical analysis of three issues of major contemporary concern: the control of giant corporations, the impact of automation, and the shift to service employment, and a commentary on the theories of classical and contemporary social thinkers. Concluding with his own conceptualisation of the determinants of industrial evolution, the author also offers his own evaluation of the needs of the advanced industrial societies. **The American Experiment** James MacGregor Burns, 2013-05-21 The Pulitzer Prize

winning author's stunning trilogy of American history spanning the birth of the Constitution to the final days of the Cold War. In these three volumes, Pulitzer Prize and National Book Award winner James MacGregor Burns chronicles with depth and narrative panache the most significant cultural, economic, and political events of American history. In *The Vineyard of Liberty*, he combines the color and texture of early American life with meticulous scholarship. Focusing on the tensions leading up to the Civil War, Burns brilliantly shows how Americans became divided over the meaning of Liberty. In *The Workshop of Democracy*, Burns explores more than a half-century of dramatic growth and transformation of the American landscape through the addition of dozens of new states, the shattering tragedy of the First World War, the explosion of industry, and in the end, the emergence of the United States as a new global power. And in *The Crosswinds of Freedom*, Burns offers an articulate and incisive examination of the US during its rise to become the world's sole superpower through the Great Depression, the Second World War, the Cold War, and the rapid pace of technological change that gave rise to the American Century.

The Top Books of the Year Automation Alienation The year 2023 has witnessed a noteworthy surge in literary brilliance, with numerous engrossing novels captivating the hearts of readers worldwide. Lets delve into the realm of popular books, exploring the engaging narratives that have enthralled audiences this year. The Must-Read : Colleen Hoover's "It Ends with Us" This heartfelt tale of love, loss, and resilience has captivated readers with its raw and emotional exploration of domestic abuse. Hoover expertly weaves a story of hope and healing, reminding us that even in the darkest of times, the human spirit can triumph. Uncover the Best : Taylor Jenkins Reids "The Seven Husbands of Evelyn Hugo" This spellbinding historical fiction novel unravels the life of Evelyn Hugo, a Hollywood icon who defies expectations and societal norms to pursue her dreams. Reids compelling storytelling and compelling characters transport readers to a bygone era, immersing them in a world of glamour, ambition, and self-discovery. Discover the Magic : Delia Owens "Where the Crawdads Sing" This captivating coming-of-age story follows Kya Clark, a young woman who grows up alone in the marshes of North Carolina. Owens spins a tale of resilience, survival, and the transformative power of nature, entrancing readers with its evocative prose and mesmerizing setting. These bestselling novels represent just a fraction of the literary treasures that have emerged in 2023. Whether you seek tales of romance, adventure, or personal growth, the world of literature offers an abundance of captivating stories waiting to be discovered. The novel begins with Richard Papen, a bright but troubled young man, arriving at Hampden College. Richard is immediately drawn to the group of students who call themselves the Classics Club. The club is led by Henry Winter, a brilliant and charismatic young man. Henry is obsessed with Greek mythology and philosophy, and he quickly draws Richard into his world. The other members of the Classics Club are equally as fascinating. Bunny Corcoran is a wealthy and spoiled young man who is always looking for a good time. Charles Tavis is a quiet and reserved young man who is deeply in love with Henry. Camilla Macaulay is a beautiful and intelligent young woman who is drawn to the power and danger of the Classics Club. The students are all deeply in love with Morrow, and they are willing to do anything to please him. Morrow is a complex and mysterious figure, and he seems to be manipulating the students for his own purposes. As the students become more involved with Morrow, they begin to commit increasingly dangerous acts. The Secret History is a masterful and suspenseful novel that will keep you guessing until the very end. The novel is a cautionary tale about the dangers of obsession and the power of evil.
