Bodhran: The Basics Bill Woods, 2011-02-25 Bill Woods has used his decades of experience as a successful bodhrán performer and teacher to create this integrated instruction book and CD for the beginning bodhrán player. Using photographs, text, and audio examples, it takes you in easy steps from holding the bodhrán and stick through playing along with traditional Irish dance tunes. It shows you the basic accompaniment patterns for reels and jigs and demonstrates ways to make these patterns more interesting using rests, accents, and rolls. In addition to the audio examples, the CD has traditional Irish dance tunes recorded at different tempos so you can start playing along almost immediately and increase your speed as your skill improves. Also covered are the correct pronunciation of bodhrán, the history of the bodhrán in traditional Irish music, suggestions on playing with other musicians, suggestions on what to look for when choosing a bodhrán and stick, instructions on a simple and inexpensive way to make your own stick, and the basic structure of Irish dance tunes. An integrated bodhrán instruction book and CD for the beginning player. Teaches the basic accompaniment patterns for reels and jigs. Discusses what to look for when choosing a bodhrán and stick. CD has traditional Irish tunes recorded at different tempos. **Bodhran: Beyond the Basics** Bill Woods, 2015-10-07 This is the follow-up volume to *Bodhrán the Basics* and is designed for those who want to improve their technique and expand their rhythmic repertoire. It contains exercises and solos in 4/4, 6/8, 3/4, and 9/8 time. The 568 one-measure exercises are designed to improve a player's technical skill and demonstrate how to use the basic building blocks of rests, accents, rolls, and syncopation to create interesting and varied rhythmic patterns. The 64 short solos show how to combine the one-measure rhythmic patterns into longer compositions. In addition to the exercises and solos, there are sections on time signatures, counting, syncopation, playing on the backbeat, vocalizing rhythmic patterns, developing speed, controlling pitch and timbre, and playing with both hands. Audio CD included. **Bodhran Tutor** Conor Long, 1998-09-01 A simple, easy-to-use introduction to the bodhrán.
