

# An American Bestiary

**Barry T. Klein**

## **An American Bestiary:**

*An American Bestiary* Jack Schaefer, 1975 Notes of an amateur naturalist Jacket subtitle *An American Bestiary*  
Eugene J. McCarthy, 2000-09-01 **An American Bestiary** Mary Sayre Haverstock, 1979 **An American Bestiary** Jack Schaefer, 1990-11 Notes and sketches of native American wildlife **The American Bestiary** Anne Folsom, 1976 *North American Monsters* David J. Puglia, 2022-03-15 Mining a mountain of folklore publications North American Monsters unearths decades of notable monster research Nineteen folkloristic case studies from the last half century examine legendary monsters in their native habitats focusing on ostensibly living creatures bound to specific geographic locales A diverse cast of scholars contemplate these alluring creatures feared and beloved by the communities that host them the Jersey Devil gliding over the Pine Barrens Lieby wriggling through Lake Lieberman Char Man stalking the Ojai Valley and many many more Embracing local stories beliefs and traditions while neither promoting nor debunking North American Monsters aspires to revive scholarly interest in local legendary monsters and creatures and to encourage folkloristic monster legend sleuthing

*American Bestiary* Eugene J. McCarthy, 2000-01-01 This large format 8 5x11 inch landscape heavily illustrated work 107 drawings by Christopher Millis is a humorous exploration of the use and mis use of metaphore in the language of American politics and society at large *A Companion to Poetic Genre* Erik Martiny, 2011-10-17 A COMPANION TO POETIC GENRE A COMPANION TO POETIC GENRE This eagerly awaited Companion features over 40 contributions from leading academics around the world and offers critical overviews of numerous poetic genres Covering a range of cultural traditions from Britain Ireland North America Japan and the Caribbean among others this valuable collection considers ancient genres such as the elegy the ode the ghazal and the ballad before moving on to Medieval and Renaissance genres originally invented or codified by the Troubadours or poets who followed in their wake The book also approaches genres driven by theme such as the calypso and found poetry Each chapter begins by defining the genre in its initial stages charting historical developments and finally assessing its latest mutations be they structural thematic parodic assimilative or subversive *Catalog of Copyright Entries. Third Series* Library of Congress. Copyright Office, 1977 *Anthropology and Myth* Claude Lévi-Strauss, 1987 The published work of Claude Levi Strauss over the last three and a half decades has established him as one of the world s most innovative anthropologists Yet throughout this period he was maintaining a full taching commitment in Paris The pieces in *Anthropology and Myth* illustrate in his own words the efforts the tentative advances and retreats and now and again the achievements of a thought process during some thirty two years that amount to a large propotion of an individual life and the span of a generation Levi Strauss used to the lecture theatre as a workshop in which to try out and develop new ideas and many of the familiar themes of his books will be found here analysis of myth and ritual totemism kinship marriage and social structure Offering a unique glimpse of the genesis of such subjects throughout his teaching career this book provides a sketchbook of the themes painted elsewhere in larger more finished form and thus forms a document of vital importance for

the history of anthropological thought      **As Far as the Eye Could Reach** Phyllis S. Morgan,2015-08-24 Travelers and traders taking the Santa Fe Trail s routes from Missouri to New Mexico wrote vivid eyewitness accounts of the diverse and abundant wildlife encountered as they crossed arid plains high desert and rugged mountains Most astonishing to these observers were the incredible numbers of animals many they had not seen before buffalo antelope pronghorn prairie dogs roadrunners mustangs grizzlies and others They also wrote about the domesticated animals they brought with them including oxen mules horses and dogs Their letters diaries and memoirs open a window onto an animal world on the plains seen by few people other than the Plains Indians who had lived there for thousands of years Phyllis S Morgan has gleaned accounts from numerous primary sources and assembled them into a delightfully informative narrative She has also explored the lives of the various species and in this book tells about their behaviors and characteristics the social relations within and between species their relationships with humans and their contributions to the environment and humankind With skillful prose and a keen eye for a priceless tale Morgan reanimates the story of life on the Santa Fe Trail s well worn routes and its sometimes violent intersection with human life She provides a stirring view of the land and of the animals visible as far as the eye could reach as more than one memoirist described She also champions the many contributions animals made to the Trail s success and to the opening of the American West      **Success Depends on the Animals** Diana L. Ahmad,2016-02-16 Between 1840 and 1869 thousands of people crossed the American continent looking for a new life in the West Success Depends on the Animals explores the relationships and encounters that these emigrants had with animals both wild and domestic as they traveled the Overland Trail In the longest migration of people in history the overlanders were accompanied by thousands of work animals such as horses oxen mules and cattle These travelers also brought dogs and other companion animals and along the way confronted unknown wild animals Ahmad s study is the first to explore how these emigrants became dependent upon the animals that traveled with them and how for some this dependence influenced a new way of thinking about the human animal bond The pioneers learned how to work with the animals and take care of them while on the move Many had never ridden a horse before let alone hitched oxen to a wagon Due to the close working relationship that the emigrants were forced to have with these animals many befriended the domestic beasts of burden even attributing human characteristics to them Drawing on primary sources such as journals diaries and newspaper accounts Ahmad explores how these new experiences influenced fresh ideas about the role of animals in pioneer life Scholars and students of western history and animal studies will find this a fascinating and distinctive analysis of an understudied topic      **Reference**
