of the Chinese 80th Peoples Liberation Army PLA Division on the evening of 27 November Organizational leadership failures at the level of the X Corps 7th Infantry Division the 31st RCT and its attached battalions all contributed to the almost complete destruction of the RCT by the evening of 1 2 December 1950 These failures led to a very poor situational awareness prior to the Chinese attack and helped create the total breakdown of organizational cohesion and effectiveness that occurred during the unit s ill fated attempt to breakout of the Chinese encirclement This thesis shows how decisions that are made at the organizational level are critical to the success of the unit
