

VERY EASY DOS

A simplified learning manual
for novice users of IBM or
PC/XT compatible computers with
a hard disk, and PC or MS-DOS,
version 2, 3, 4, or 5.

If DOS seems confusing, frustrating, or intimidating, then this is the book for you.

I wrote this step-by-step manual to help you save time, learn fast, avoid frustration,
and hopefully end up with a warm, fuzzy feeling about DOS. This is indeed
possible because Very Easy DOS will not require you to do any unnecessary detail.

The last version of Very Easy DOS is 1.3, longer than the first version. The extra
pages are the result of longer explanations, additional personal opinions, and an
index. The original DOS expert opinions have been left out of this manual. At the
end of each section, I'd let you know which parts are essential and which parts
you can skip. I've written the manual so that, without knowing anything, you can
do things on your own computer at home, at an internet cafe's computer, or on the
computer at work.

In any case, I'd like to have your opinion of it.
My e-mail address is SCOTT@MCH.COM or Y.E.DOS@COM

Many thanks to those who helped me with this
manual version. Most of all, I thank my wife.

Easy Dos

S Marginson

Easy Dos:

Thank you very much for downloading **Easy Dos**. As you may know, people have search numerous times for their favorite novels like this Easy Dos, but end up in malicious downloads.

Rather than enjoying a good book with a cup of coffee in the afternoon, instead they juggled with some harmful virus inside their computer.

Easy Dos is available in our book collection an online access to it is set as public so you can download it instantly.

Our books collection saves in multiple locations, allowing you to get the most less latency time to download any of our books like this one.

Merely said, the Easy Dos is universally compatible with any devices to read
