photos in the Chicago Transit Authority archive are available in Chicago City on the Move The book shows Chicago in a new light It presents a history of the city through mass transportation But this is not a book of nostalgia Although the photos are decades old the subject is very much alive Take a trip on the Blue Geese the Green Hornets and the Old Reds This is your chance to see Chicago as it was and better understand Chicago as it is This is a book for people who love transportation who love photography and who love the city on the move Two hundred and fifty pictures in duotone
