At City's Edge Bob Thall, 2005 An iron gray slate on a cold and blustery day a respite from the summer heat the engine of the city's notorious blizzards Lake Michigan is an integral part of the landscape of Chicago Bob Thall has been photographing the skyline and streets of Chicago for over thirty years and here in *At City's Edge* he chronicles the twenty five mile shoreline where the asphalt meets the inland sea Thall's stark yet rich images take viewers from the Evanston border on the North Shore down to 100th Street on the South Side documenting the natural scenery architectural structures and people that populate the coastline From the lakefront parks to summer beaches to the Air and Water Show Chicago enfolds Lake Michigan into its urban character but Thall's images make clear that the lake

remains a dynamic and powerful force with nature and civilization clashing at its rim At City s Edge brings the lakefront to life in all its complexity chronicling in its elegant visual sequence the sand covered city beaches the rock studded shoreline the running paths and the buildings built along this unique intersection Thall writes Since the age of five or six I ve spent much of my life at the beach not only in the summer but throughout the year I can t imagine my life in this city without Lake Michigan nearby At City s Edge redefines the shores of Lake Michigan as a vital element in the urban landscape of Chicago and reveals the complex forces that shape the lakefront as one of Chicago s most public communal spaces City Spaces Bob Thall, Ross Miller, 2002-01 My history as a Chicagoan my history as a photographer the history of the city and in a small way the history of photography without any plan or anticipation these photographs brought these histories together for me City Spaces will be a welcome addition to those interested in fine art photography architecture Chicago and the urban scene
