Chicano Worker:

The Chicano Worker Vernon M. Briggs, Walter Fogel, Fred H. Schmidt, 2014-06-23 The Chicano Worker is an incisive analysis of the labor market experiences of Mexican American workers in the late twentieth century The authors each established in the fields of labor economics and research on Chicano workers describe the major employment patterns of the Chicano labor force and discuss the historical and institutional factors determining these patterns This work speaks to the continuing widespread public interest in Mexican immigration migrant farm labor unionization of farm workers Chicano education and training needs and the legacy of discriminatory treatment against Chicanos The authors treat the convergence of these issues and their public policy implications Drawing from census data as well as other sources The Chicano Worker reports on Chicano unemployment labor force participation occupational and industrial distributions of employment and various indices of earnings It also deals with such issues as history family size health and culture The Chicano Worker is likely to open new areas of interest discussion and criticism concerning Chicanos in the United States

Women's Work and Chicano Families Patricia Zavella, 2018-03-15 At the time Women's Work and Chicano Families Cannery Workers of the Santa Clara Valley was published little research had been done on the relationship between the wage labor and household labor of Mexican American women Drawing on revisionist social theories relating to Chicano family structure as well as on feminist theory Patricia Zavella paints a compelling picture of the Chicano women who worked in northern California's fruit and vegetable canneries Her book combines social history shop floor ethnography and in depth interviews to explore the links between Chicano family life and gender inequality in the labor market

Race and Class in the Southwest and Other Essays Mario Barrera, 2025-09-24 In Race and Class in the Southwest and Other Essays Mario Barrera puts forth his seminal theory of racial inequality based on a synthesis of class and colonial analysis together with several essays and selections from Barrera's memoir that show how his thinking developed throughout his work Reprinted here for the first time after becoming a modern classic of Chicano studies Race and Class in the Southwest focuses on the economic foundations of inequality as they have affected Chicanos in the Southwest from the Mexican American War to the present Barrera reviews the economic history of Chicanos their relegation to a subordinate position in the labor force segmented along racial lines their displacement from the land the effects of waves of immigration from Mexico the role of an emerging Chicano middle class and state policies designed to reproduce the subordinate status of Chicanos He reviews competing theories of racial inequality and concludes that an internal colonialism model that focuses on the institutional subordination of Chicanos offers the greatest explanatory value for understanding the political economy of Chicanos in the

Southwest The editors Rodolfo D Torres and William I Robinson provide both an important historical and contextual introduction to the work as well as thorough annotation that brings the scholarship into contemporary conversation with further theoretical development and highlights Barrera s significant contribution to recent and new debates that reflect his legacy at a time of rising social inequalities political conflict and mass migration into the United States from Latin America

Chicano Workers Fred E. Romero,1979 Monograph on problems relating to the labour force participation of Mexican american ethnic group workers in the southwest of the USA based on the 1960 and 1970 population censuses analyses chicano demographic characteristics occupational status income trade union racial discrimination and unemployment etc discusses formal education nonformal education and vocational training political leadership the implications comprehensive employment and training act etc Graphs references and statistical tables Curriculum Resources in Chicano Studies Gary D. García,1989 This volume contains at the under graduate level twenty course syllabi in the critical disciplines that impact the multidisciplinary field of Chicano studies At the graduate level a review of the production of Chicano focused doctoral dissertations in the arts the humanities and the social sciences is provided

Mexican American Labor, 1790-1990 Juan Gómez-Quiñones,1994 Historians of labour in the United States have given scant attention to Mexican American workers and their trade union activity This panoramic history summarises the origins of this work force and the social and economic changes the workers experienced as industrialisation and capitalism transformed employment in the nineteenth century He focuses on the Southwest and California in particular in recounting worker efforts to organise trade unions over the past one hundred years As the author traces the historic evolution of struggles to gain economic equity and ethnic and gender equality he introduces the individual experiences of many courageous workers
