**Child Care Law for Health Professionals** Judith Hendrick, 2018-05-08 Across Canada efforts have been made to introduce information technology solutions into the health care sector for the past two decades As with any journey the maps and journals are only produced at the end of the adventure With this book Dr Shaw has provided a road map that will help guide those physicians who are now thinking about starting down this road or those who may have taken a wrong turn and are trying to make mid course corrections Dr Shaw is a health informatician with a wealth of experience in analyzing the impact of using IT in a health care environment Since coming to Canada she has spent considerable time talking to physicians as well as government and vendors about the status of IT in the Canadian healthcare system Computerization and Going Paperless in Canadian Primary Care is a dispassionate and scientific analysis of the issues and problems facing those who are trying to create a paperless practice Here you will be provided with advice on how to chose a clinical system how to manage the transition into a paperless office and offers an abundance of resource materials to help you through the process William Pascal Chief Technology Officer Canadian Medical Association *Legal Issues for Family Child Care Providers in California* Child Care Law Center (San Francisco, Calif.), 2004 [Family Child Care Legal and Insurance Guide](#) Mari Millard, Tom Copeland, 2004-05-01 Legal and insurance strategies for reducing the risks of running a home based child care business **Child Sexual Abuse Reported by Adult Survivors** Sinéad Ring, Kate Gleeson, Kim Stevenson, 2022-04-28 Child Sexual Abuse Reported by Adult Survivors is a wide ranging and timely critical history and analysis of legal responses to historical or non recent child sexual abuse NRCSA in England and Wales Ireland and Australia each of which represents an evolving and progressive approach to this important and complex issue The book examines the emergence of NRCSA as a distinctive social political and legal phenomenon in each country and explores the legal responses developed to address its unprecedented challenges Courts and parliaments in each country have reformed existing doctrine and practice and have created new ways of holding state and private actors accountable and new ways of addressing survivors injuries Criminal law tort law public inquiries and state reparations have all been to the forefront of these new legal responses which have transformed law s engagement with NRCSA survivors and understandings of justice itself However despite this undeniable progress the book identifies ways in which the legal responses developed in each country fail to deliver accountability and recognition to NRCSA survivors and argues that such failures betray the law s inherent ambivalence to delivering justice for these survivors Creating new insights into legal responses to this complex contemporary legal social and political problem this book will be of great interest to academic lawyers political scientists and historians as well as those working on related topics in criminology sociology social policy cultural studies and gender studies *Summary of the North Carolina Child Day-care Law* North Carolina.
