52 Series: Share with Grandchildr , The Last Parenting Book You'll Ever Read Meagan Francis, 2025-05-06 Your guide to celebrating and loving your kids more than ever in the weeks, months, and years before they begin their adult lives. We read the parenting books. We cheer from the sidelines. We grow accustomed to the joys and pains of raising toddlers, kids, tweens, and teens. And then, before we know it, it's our kids' last first day of school, the last time we'll watch them take the field, or the last night they sleep at home before heading off to their next adventures. A season of our lives as moms is ending, and we may be mourning its passing. And yet, while our kids still need us in some ways more than ever, this stage can also be an opportunity for personal transformation. Author Meagan Francis understands the mixed feelings that come along with this stage. As a mom of five kids, ages teen to young adult, she's been blogging and podcasting about motherhood for more than twenty-five years, while going from five kids under her roof to just one. In *The Last Parenting Book You'll Ever Read*, Francis will take you by the hand and lead you through the final stage of active parenting as your teenagers prepare to step into the world, and you explore what it means to step back into yourself. *The Last Parenting Book You'll Ever Read* is about coming to terms with the many endings that moms of teenagers experience, but more than that, it's about all the new beginnings on the horizon and how moms can still hold their families close while letting them go. With compassion for the big feelings that accompany big transitions, Francis helps readers harness some of the mothering energy they've been directing toward their children and redirect it back toward nurturing themselves.

Researching Children's Popular Culture Claudia Mitchell, Jacqueline Reid-Walsh, 2005-06-29 The place of

childhood in popular culture is one that invites new readings both on childhood itself but also on approaches to studying childhood. Discussing different methods of researching children's popular culture, they argue that the interplay of the age of the players, the status of their popular culture, the transience of the objects, and indeed the ephemerality and long-lastingness of childhood all contribute to what could be regarded as a particularized space for childhood studies and one that challenges many of the conventions of doing research involving children.

Living With A Lighter Load Susan Whisnand, 2006-01-13

Reading *Living with a Lighter Load* is the same as reading my diary. The kind of diary that has a lock and key and no one is allowed to see what is inside. But there isn't a lock and key on this book. I have removed them and I am inviting you to peek inside and have a look at my personal story. The story of my life isn't profound, tragic, or extraordinary. It is not something to make a big deal over. But it's underneath the events of my story that reveal the diary-like emotions and thoughts that are very private to me. It's where my frustration from struggles are experienced, heart-piercing pain of loss is felt, defeat of mistakes overwhelms, shame from sin takes over, fear from a bad experience is absorbed, and sadness from disappointment sinks in. It's these emotions and thoughts of mine that I reveal and share with you. Why do I reveal what is underneath the experiences of my life? Because I have learned a life lesson that is worth getting out of my diary and into an open book. I have learned that I don't have to lug the heavy weight that the struggles of life put upon my emotions and thoughts. I have learned to live with a lighter load and how to keep it light. Since I am no longer straining to pull the weight, I have wider eyes to see more of life's abundance and richness. And what I see makes me too happy to keep stored in my diary and all to myself. Images of Childhood in the British Press Nancy Falchikov, 1991

[The Child](#), 1920 [The Visual Cultures of Childhood](#) Karen Wells, 2020-03-20

Some of the most iconic images of the twentieth century are of children: Dorothea Lange's *Migrant Mother* depicting farm worker Frances Owens Thompson with three of her children; six-year-old Ruby Bridges flanked by U.S. marshals walking down the steps of an all-white elementary school she desegregated; Hu nh C ng t s photograph of nine-year-old Phan Thi Kim Phuc fleeing a South Vietnamese napalm

bombing These iconic images with their juxtaposition of the innocent in the sense of not culpable figure of the child and the guilty perpetrators of violence both structural and interpersonal are arresting The power of the image of the child to arrest the spectator to demand a response from her has given the representation of children a central place in the history of visual culture for social reform This book analyses a range of forms and genres from social reform documentary through feature films and onto small and mobile media to address two core questions What difference does it make to the message who the producer is and How has the place of children and youth changed in visual public culture
