Vopat,2015-02-10 Children s Rights and Moral Parenting offers systematic treatment of a variety of issues involving the intersection of the rights of children and the moral responsibility of parents Mark C Vopat offers a theory of the relationship between children parents and the state that can be applied to the real life decisions that parents are often in the position to make on behalf of their children In many instances our current view of parental rights has granted parents far more discretion than is morally warranted Vopat arrives at this conclusion by carefully considering the unique status children have socially legally and morally in most western societies Children s Rights and Moral Parenting is essentially contractualist in the Rawlsian tradition While it may appear counterintuitive to speak of children in terms of the social contract tradition there is much this approach can do to provide some conceptual clarity to the nature of the relationship between children parents and the state The overarching theme of the book is the moral independence of children from extreme forms of parental and at times social control The objective of the book is to provide an argument for extending the range of things owed to children as well as making the case for fully including children in the moral community The Teacher's Manual to Accompany The Children's Own Readers Mary Elizabeth Pennell,Alice Mattie Cusack,1929 A Handbook of Children's Literature, Methods and Materials Emelyn Elizabeth Gardner,Eloise Ramsey,1927 **Children's Interests in Poetry** Miriam Blanton Huber,Herbert Bascom Bruner,Charles Madison Curry,1927 **Understanding Autism** Susan Dodd,2005 Gives parents and carers detailed up to date information about autistic disorders by providing practical suggestions and strategies incorporating the latest teaching methods to assist in the understanding and management of people with autism at home in educational programs and in the community It discusses the unique learning styles sensory sensitivities different motivations and relative strengths in visual processing and rote memory skills of children and adults with autism *An Empirical Study of Children's Interests in Spiritual Reading* Sister Mary Eugenia Kealy,1930 An Objective Determination of Stories and Poems for the Primary Grades Mary Ethel Nesmith,1927 *The Influence of Intelligence Upon Children's Reading Interests* Miriam Blanton Huber,1928 **Hawthorne V.
