**Children of Lilith : a Tribe 8 Cycle** Dream Pod 9 Inc, Jason P. Prince, Cotsios, Jim, 1999 *Children of Lilith* Lauren Devora, 2018-12-07 In the thrilling second installment of the Children of Lilith series Nikki Anderson went from aimless barista to unprecedented leader of New York's Vampire Hunters in just a few days but her title isn't the only change in her life. With a new love and new responsibilities Nikki is quickly made aware that not all change is good. Threats lurk in every shadow while chaos reigns. As the city is awash in blood Hunters struggle to keep themselves and innocent lives safe from the cruel sadistic forces wreaking havoc every night. As Nikki and her crew fight to gain the upper hand a familiar adversary reappears this time with an even more terrifying plot to ruin the Underground, take control, and set the Hunters up for a disastrous end.

*Ascend* L. M. Gose, 2020-04-19 Arya and Xavier live normal lives with their single mom in small town Colorado. At least until the evening of their sixteenth birthday when they are confronted with a shocking reality. Their mom is Lilith, legendary first wife of Adam and the first true witch created by the Goddess in Her image. The twins ascend to claim their birthright and discover that even in the supernatural realm they are unique. As royal half nephilim half witch beings, dark forces work to create a world of chaos. The academy of magical beings can't protect them from ancient family vendettas and unknown peril. It's the adventure of a lifetime if they can survive it. Do they have what it takes to thrive in a world where monsters are real? Can they endure the archaic drama they were born into long enough to see who they will become? An inclusive and diverse cast of characters help or hinder the twins as they navigate a realm where the myths are true and insanity rules.

[Lilith's Children](#) Rachel Pudelek, 2019-01-23 The battle raging between the Wild Women of Seattle and the Hunters has sparked a war. But will either side survive the new threat that lurks in the shadows? Hunters are doubling down their efforts, putting Faline's coterie on the run. But war waits for no woman, especially not a fugitive. Faline's plans for a surprise attack on an east coast Hunter complex hit a snag when succubi leader Marie calls in a favor, and Faline has no choice but to answer. What Faline uncovers is a hidden Portland underground and an elaborate scheme dripping with Marie's cunning manipulation. Only Marie isn't the puppet master, and neither are the Hunters. Something darker lurks under the city of Portland, and his appetite is unlikely to be satiated by words alone. That hunger is growing. But Marcus and his renegade friends would rather slit with their daggers than see it quenched. Between old enemies and potential new danger, lives in every shadow are threatening, not only Faline's coterie this time but everything she knows about her world. And when their biggest allies in the war against the Hunters are captured, the Wild Women are left scrambling for support in the unlikelyst of places. Strong characters. Smart writing.
