Wilson Company, 1976 Clea Lawrence Durrell, Aida Törnell, Konstantinos Kavafis, 1960 **Lawrence Durrell's Major Novels, Or, The Kingdom of the Imagination** Donald P. Kaczvinsky, 1997-03 Through his use of Gnostic beliefs Durrell destabilizes our notions of the real and suggests that the civilization to emerge out of the ruins of a devastated Europe will not be Christian but Quincunxial Durrell's aesthetic and thematic concerns establish him as a significant indeed central voice in twentieth century British literature His career which spans over five decades links the British High Modernists with the Postmodernists *Clea* Lawrence Durrell, Fausta Cialente, 1983 Lawrence Durrell: The Mindscape Richard Pine, 2016-07-27 In this second volume of his study of the Anglo Irish novelist Lawrence Durrell following the appearance in 1988 of *The Dandy* and *The Herald Manners Mind and Morals* from Brummell to Durrell Richard Pine examines in detail Durrell's unique contribution to the development of the modern novel concentrating in particular on the evidence of Durrell's private notebooks and diaries Pine's twenty year friendship with Durrell has resulted in an intimate portrait of a singular mind whose extraordinary career both as a writer and as a British colonial official is hallmarked by the creation of the Heraldic Universe an imaginative realm within which the artist reigns supreme The English Novel in the Time of Shakespeare Jean Jules Jusserand, 1894 **Literature and Music** , 2016-08-09 This collection of essays centers on musical elements that authors have employed in their work thus joining heard sounds to a visual perception of their stories The spectrum of authors represented is a wide one from Pound to Durrell from Steinbeck to Cather from Beckett to Gaines but even more unusual is the variety of musical type represented Classical music the quartet the fugue the symphony Jazz the jazz riff and jazz improv and the spiritual all appear along with folk song and so called random noise Such diversity suggests that there are few limits when readers consider how great writers utilize musical styles and techniques Indeed each author seems to realize that it is not the type of music that s/he chooses to employ that is important Rather it is the realization that such musical elements as harmony dissonance tonal repetition and beat are just as important in prose composition as they are in poetry and song The essayists have selected some works that may be

considered obscure and some that are modern classics Each one however has captured one of the varied ways in which words and music complement and enhance each other
