

Detonated Veils

Joan Wallach Scott

Detonated Veils:

Detonated Veils Doren Robbins,1976 *Parting the Cosmic Veil* Kenneth R. Lang,2007-12-31 This book describes our gradual awareness of a vast previously concealed Universe It is a story of expanding horizons and the discovery of invisible worlds This voyage of discovery is presented within universal themes such as invisibility motion content form impermanence violence and emptiness beginnings and ends These are topics that concern us all helping us take the Universe personally so each chapter begins with the human aspect of some of these themes The book is additionally broadened by including the perceptions of artists poets and writers as well as with line drawings that forcefully compact a scientific insight The Politics of the Veil Joan Wallach Scott,2009-04-11 In 2004 the French government instituted a ban on the wearing of conspicuous signs of religious affiliation in public schools Though the ban applies to everyone it is aimed at Muslim girls wearing headscarves Proponents of the law insist it upholds France s values of secular liberalism and regard the headscarf as symbolic of Islam s resistance to modernity The Politics of the Veil is an explosive refutation of this view one that bears important implications for us all Joan Wallach Scott the renowned pioneer of gender studies argues that the law is symptomatic of France s failure to integrate its former colonial subjects as full citizens She examines the long history of racism behind the law as well as the ideological barriers thrown up against Muslim assimilation She emphasizes the conflicting approaches to sexuality that lie at the heart of the debate how French supporters of the ban view sexual openness as the standard for normalcy emancipation and individuality and the sexual modesty implicit in the headscarf as proof that Muslims can never become fully French Scott maintains that the law far from reconciling religious and ethnic differences only exacerbates them She shows how the insistence on homogeneity is no longer feasible for France or the West in general and how it creates the very clash of civilizations said to be at the root of these tensions The Politics of the Veil calls for a new vision of community where common ground is found amid our differences and where the embracing of diversity not its suppression is recognized as the best path to social harmony Index of American Periodical Verse 1976 Sander W. Zulauf,Edward M. Cifelli,James D. Anderson,Rafael Català,1995-05-30 The Index of American Periodical Verse is an important work for contemporary poetry research and is an objective measure of poetry that includes poets from the United States Canada and the Caribbean as well as other lands cultures and times It reveals trends in the output of particular poets and the cultural influences they represent The publications indexed cover a broad cross section of poetry literary scholarly popular general and little magazines journals and reviews **The Political Psychology of the Veil** Sahar Ghumkhor,2019-11-21 Veiled women in the West appear menacing Their visible invisibility is a cause of obsession What is beneath the veil more than a woman This book investigates the preoccupation with the veiled body through the imaging and imagining of Muslim women It examines the relationship between the body and knowledge through the politics of freedom as grounded in a natural body in the index of flesh The impulse to unveil is more than a desire to free the Muslim woman What

lies at the heart of the fantasy of saving the Muslim woman is the West's desire to save itself. The preoccupation with the veiled woman is a defense that preserves neither the object of orientalism nor the difference embodied in women's bodies but inversely insists on the corporeal boundaries of the West's mode of knowing and truth making. The book contends that the imagination of unveiling restores the West's sense of its own power and enables it to intrude where it is other, thus making it the centre and the agent by promising universal freedom all the while stifling the question of what freedom is.

The Colliery Engineer, 1914 **The Roots and the Towers** Doren Robbins, 1980 Mines and Minerals, 1914 **Mining Herald and Colliery Engineer**, 1914 **Small Press Record of Books in Print** Len Fulton, 1980 **Depicting the Veil** Robin L. Riley, 2013-09-12

This powerful book exposes how gendered Orientalism is wielded to justify Western imperialism. Over the last ten years, Western governments and mainstream media have utilized concepts of white masculine supremacy and feminine helplessness juxtaposed with Orientalist images depicting women of color as mysterious, sinister, and dangerous to support war. Oscillating between Mrs. Anthrax, female suicide bomber, and tragic helpless victim, representations of brown women have spawned both rescue narratives and terrorist alerts. Examining media and pop culture from *Sex and the City 2* to *Vanity Fair* and *Time* magazine, Robin Riley uses transnational feminist analysis to reveal how this kind of transnational sexism towards Muslim women in general and Afghan and Iraqi women in particular has led to a new form of gender imperialism.

Sympathetic Manifesto Doren Robbins, 1987 *Two-in-one Special Edition of the International Authors and Writers Who's Who, International Who's who in Poetry*, 1982 Parking Lot Mood Swing Doren Robbins, 2004

Doren Robbins' essay poem monologues are a riff on contemporary culture, not so much a scream but a sigh, the deepest sigh known. He knows so much, it's shocking. But that's not it. In *PARKING LOT MOOD SWING*, he's on the razor's edge, a fully unified sensibility, a vision, a dream. To read his prose is only to know his poetry better and to love him, this wild radical poet on the West Coast. A passionate political protest that is comic, surreal, and beautiful. Doren Robbins' *PARKING LOT MOOD SWING* powerfully explicates our pitifully whacked-out world. Up all night reading these poems to the empty room, I laughed out loud and the blues lifted from me. Give this book to all our dismayed companions.
