Localization Project Management* Keiran J. Dunne,Elena S. Dunne,2011 Over the past three decades translation has evolved  
from a profession practiced largely by individuals to a cottage industry model and finally to a formally recognized industrial  
sector that is project based heavily outsourced and that encompasses a wide range of services in addition to translation As  
projects have grown in size scope and complexity and as project teams have become increasingly distributed across  
geographies time zones languages and cultures formalized project management has emerged as both a business requirement  
and a critical success factor for language service providers In recognition of these developments this volume examines the  
application of project management concepts tools and techniques to translation and localization projects The contributors are  
seasoned practitioners and scholars who offer insights into the central role of project management in the language industry  
today and discuss best practice approaches to the adaptation of generic project management knowledge skills tools and  
techniques for translation and localization projects **Endocrinology of Cardiovascular Function** Ellis R. Levin,Jerry L.  
Nadler,1998-10-31 Endocrinology of Cardiovascular Function is a fitting inauguration to the Endocrine Update Series The  
aim of these publications is to provide the clinician with cutting edge yet succinct access to the latest advances in  
endocrinology Historically our understanding of hormonal disturbances was restricted to the classical secretory glands and  
their targets As Endocrinology of Cardiovascular Function so aptly indicates endocrinology is no longer constrained by our  
early physiologic understanding of glandular disorder Endocrinology of Cardiovascular Function has set the standard of  
excellence for the future volumes in this series Shlomo Melmed M D Series Editor Endocrine Update Growth factors such as
