Developing Literacy Christine Moorcroft, 1999

Developing Literacy Sentence Level Sentence - Level Activities For The Literacy Hour Year 4 Barker, Key Stage 3 Developing Literacy Christine Moorcroft, Ray Barker, 2003 A photocopiable literacy activity book for Key Stage 3 students in Year 8 It seeks to cover the key objectives of the Sentence Level strand of the National Literacy Strategy framework There are over 50 pages of photocopiable activities and minimal teacher preparation is required Each topic section includes a lesson starter to use with the whole class an OHP sheet a handout or cards a consolidation activity to reinforce the skill and an extension activity to challenge more able pupils There are notes for teachers The text is part of a series in which there is one book for each year group at Key Stage 3 from Year 7 to Year 9

Primary English Curriculum Guide Christine Moorcroft, Ray Barker, 2013-11-26 First Published in 2001 The purpose of this curriculum guide is to help student teachers and newly qualified teachers to make a start on learning how to become competent teachers of English Despite the emphasis given in training courses to the teaching of English newly qualified teachers often feel underprepared for it and frequently mention their concerns about this These concerns can be partly explained by a general lack of confidence in this key area and partly by widespread media and political criticism of the teaching of literacy It is also because it is often difficult for a student to make the connection between observation of key teaching strategies and his or her own personal practice

Issues in Science Teaching John Sears, Pete Sorenson, 2005-08-18 Issues in Science Teaching covers a wide range of important issues which will interest teachers at all phases in the education system The issues discussed include the nature and purposes of science education in a multicultural society including the idea of science for all the role and purposes of investigational work in science education assessment

curriculum progression and pupil attitudes to their science experience supporting basic skills development in literacy numeracy and ICT through science teaching supporting cross curricular work through science teaching taking account of individual differences including ability special needs learning style and the case for inclusion The articles are strongly based on current research and are intended to stimulate and broaden debate among the readers Written by practising science educators and teachers this book offers new and interesting ways of developing science education at all levels *Developing Literacy* Diane Bloom,1990
