Walters, Although he never lived in Harlem Chester Himes commented that he experienced a sort of pure homesickness while creating the Harlem set detective novels from his self imposed exile in Paris Through writing Himes constructed an imaginary home informed both by nostalgia for a community he never knew and a critique of the racism he left behind in the United States Half a century later Michelle Cliff wrote about her native Jamaica from the United States articulating a positive Caribbean feminism that at the same time acknowledged Jamaica s homophobia and color prejudice In *At Home in Diaspora* Wendy Walters investigates the work of Himes Cliff and three other twentieth century black international writers Caryl Phillips Simon Njami and Richard Wright who have lived in and written from countries they do not call home Unlike other authors in exile those of the African diaspora are doubly displaced first by the discrimination they faced at home and again by their life abroad Throughout Walters suggests that in the absence of a recoverable land of origin the idea of diaspora comes to represent a home that is not singular or exclusionary In this way writing in exile is much more than a literary performance it is a profound political act Wendy W Walters is assistant professor of literature at Emerson College *Michelle Cliff's Novels* Noraida Agosto,1999 At the center of Jamaican born Michelle Cliff s novels is the exploration of the interplay between memory and history Noraida Agosto examines Cliff s representation of memory as the part of history that has been suppressed because of its revolutionary potential Memories of slave rebellions for instance were erased through omission

from official historical accounts to discourage resistance among slaves Cliff's novels are an attempt to recover these erased memories which could generate resistance to modern oppressions This recovery of devalued memories also entails a validation of non elite beliefs languages and art forms in order to debunk dominant practices

On the Very Edge Ian Kinane,2025-01-15 On the Very Edge Bidentities in Michelle Cliff s Fiction uses the life and work of bisexual biracial and bicultural author Michelle Cliff 1946 2016 to develop an entirely new approach to intersectional cultural race and gender sexuality studies that prioritizes bi ness as a methodological tool The book focuses not simply on bisexuality biracialism or biculturalism as isolated identity concepts rather it explores the very nature of these intersectional identity categories as configured by Cliff The text therefore represents a reclamation of bi identity in Cliff s work as a much broader cultural and not just sexual or racial category arguing that Cliff s spaces and or stages of bi ness are in themselves significant in understanding contemporary global identity politics as well as in navigating complex and often damaging identity constructs Michelle Cliff partnered with poet Adrienne Rich and passing as white had an often invisible sexuality and cultural identity Yet her acclaimed work *Abeng* *No Telephone* *to Heaven* *Bodies of Water* *If I Could Write This in Fire* *Free Enterprise* and others demonstrates the intersections between bisexuality biracialism and biculturalism in often profound ways Drawing on original research interviews diaries editorials and other correspondences On the Very Edge will have far reaching implications in the understanding of complex Caribbean identity politics and intersectional race gender and sexuality studies at large
