Small Groups with Purpose Steve Gladen,2011-06-01 Over the past fifteen years small groups have become a vital way to build community in large churches Nowhere has this been more apparent than at Saddleback Church Now Steve Gladen pastor of small groups at Saddleback shares the secrets of that ministry s incredible success in creating small groups with purpose This practical book walks church leaders through the questions they need to answer to develop their own intentional small group strategy Built around the most commonly asked questions *Small Groups with Purpose* outlines the step by step process of creating a successful small group ministry Because it is built upon principles and not methods this plan can be implemented in any size church Each chapter ends with a list of questions for readers to answer to help them assess their current situation and their desires for the future Personal stories Scripture and examples ground the discussion and show the system in action Pastors and small group leaders will find this book instrumental in making small groups work in their churches

Go BIG with Small Groups Bill Easum,John Atkinson,2010-09-01 Most churches that begin small groups find that within a couple of years two things happen the number of small groups has dwindled in size and few if any of them have birthed other small groups So the only way most churches keep small groups going is by reinventing them over and over usually with the same people The authors of this book know God has much more in store for these churches Bill Easum and John Atkinson have both led congregations in which small group ministry proved crucial to the church s growth Both know the pitfalls that endanger all attempts to center a congregation s life around small groups More importantly they understand how to make small groups growing self reproducing centers of Christian discipleship

Leading Small Groups Chris Surratt,2019-05-01 Leading a small group can literally change the world We have been commissioned to make disciples who make disciples and Jesus showed us that the best way to carry that out is through small groups of believers Just like the first century church small groups form the foundation to take the gospel to the ends of the earth Chris Surratt Discipleship and Small Groups Specialist for Lifeway Christian Resources and author of *Small Groups for the Rest of Us* wants to help you get from here to there Regardless of whether you have never lead a small group or have been leading one for years all of us want to know how to create environments where spiritual growth takes place and communities are changed *Leading Small Groups* walks the reader

through the stages of gathering launching leading and multiplying a gospel centered small group There are also follow up questions for discussion and reflection at the end of each section and practical resources that can be implemented immediately by the small group leader Jesus left his followers with a task the Great Commission This book will help small group leaders and churches in their obedience to this task

Coaching Life-Changing Small Group Leaders Bill Donahue,Greg Bowman,2009-05-26 Small groups transform churches and lives Small group leaders often feel the weight of shepherding their members But who shepherds the shepherd And what are the best ways to provide that support and guidance These are the questions answered in Coaching Life Changing Small Group Leaders When you re called to coach a small group leader in your church your mind may be filled with questions Am I godly enough What do I have to offer How do I begin Although the challenge seems immense this handbook breaks down the work into reassuring and achievable steps Originally self published by Willow Creek Community Church this expanded and improved edition offers field tested and biblically supported advice on such topics as modeling a surrendered life to those you shepherd gaining the tools and wisdom you need for coaching helping leaders grow spiritually nurturing the spiritual development and support of leaders For those who want to coach with excellence and truly help small group leaders thrive this go to guide offers practical answers and inspiring examples You ll find both challenge and promise in these pages as you learn to carry forth your God given calling with confidence We ask small group leaders to come alongside their group members but often no one comes alongside them This is a great tool from two people who have done exactly that for a long time Small group leaders everywhere will benefit from this kind of coaching
