**Spanish Sentences Vol.1** Nik Marcel,Robert P. Stockwell,J. Donald Bowen,Ismael Silva-Fuenzalida, SPANISH SENTENCES Vol 1 English Spanish THIS EDITION The dual language text has been arranged into sentences for quick and easy cross referencing The text can be used on its own However the content is ideal for reinforcing grammar and as a precursor to more advanced bilingual editions This digital edition contains the content in English to Spanish and Spanish to English formats Once a student has studied the basics a suitable book about basic grammar is helpful The suggestion is that it be studied more with the intent of recognition and understanding rather than memorising and obsessive rote learning Go through as much of the book you feel you can digest maybe even the whole book skipping over what is not easily understood Then read through a portion of text in this book looking for examples of what you have picked up or gleaned in your hopefully not so arduous study of grammar Even repeatedly seeing a word that you remember seeing listed as a subject pronoun or a third person plural verb of some sort is a great help Then depending on your inclination return to the grammar book or your basic Spanish book or move on to lengthier bilingual text like in 2Language Books texts containing news or stories for example or find some suitable Spanish text a simple novel a Spanish news website etc Grammar books will likely have some verb charts However there are currently good on line resources that go further dictionaries with a verb conjugation search

option Many basic language books offer some form of audio support Internet services primarily news based radio stations offer podcasts Audio from television is an additional resource and can be formatted for use on various digital platforms However if audio is an important component of your interest in languages electronic devices that support quality text to speech TTS will likely be appealing With a library card TTS technology in a device that supports the relevant content and the above mentioned resources an entire language learning system is available for not much more than a cup of coffee There is no substantial financial outlay to get you started Furthermore there are no additional ongoing fees and updates and there are no expiry dates on premium content and resources A Dual Language Book Project 2Language Books *Pitman's Progressive Dictator* ,1912 **Publishers' Circular and General Record of British and Foreign Literature, and Booksellers' Record** ,1892 **The Publishers' Trade List Annual** ,1881 The South American ,1915 *Teacher's Manual* D.C.
